Freshman Applicants

To be completed only by applicants to the Freshman Year Program

The Freshman Year Program is designed for students who hold a secondary school certificate based on 12 years of schooling, starting from Elementary I, and who have not completed the Lebanese Baccalaureate Part II or the French Baccalaureate (holders of the Baccalaureate Part II or the French Baccalaureate may not apply to the freshman class). Completion of the freshman year at AUB is required (in lieu of these secondary diplomas) for admission to a major and promotion to the sophomore class in the Faculty of Arts and Sciences or admission to the equivalent classes in the other faculties. Students who have completed the International Baccalaureate Diploma, the GCE in required subjects, the German Abitur, or similar programs may apply to either the freshman class or the sophomore or equivalent classes, depending upon the subjects taken and the level of performance. If they apply to the freshman class, they may receive advanced placement and credit in particular subjects for excellent performance in those subjects. For full information about the requirements for admission to and completion of the freshman year, please consult the Admissions section of the 2008–09 Catalogue.

Each year the University enrolls approximately 350 students in the challenging Freshman Year Program. Most students spend two semesters completing the 30 required freshman credits; some students spend a longer or shorter time depending upon the level of preparation with which they enter and the quality of their performance in the freshman year. The Freshman Year Program gives students with twelve years of schooling the opportunity to move more comfortably from secondary school to the university level, to make a better informed choice of a major field, and to gain a sound preparation for professional school.
