University Preparatory Program (UPP)

The Program is designed for high-achieving students who have completed the high school/Baccalaureate II/or other secondary school diploma and who have minimal formal background in English. The 20 hour per week English curriculum stresses an integrated approach to listening, reading, writing and speaking. Study skills, pronunciation and research skills are incorporated into the course, which is especially tailored to meet student needs. An additional six hours of mathematics and/or science is given to ensure that students are prepared for university work.

It is recommended that students live on campus in one of AUB’s all-men or all-women residence halls and participate in a partial on-campus meal plan. Residence is a means of fostering an “immersion approach” to language learning, giving students the opportunity to practice their English language skills outside the classroom.

Besides the residence/boarding experience, students have the opportunity to participate in regular AUB extracurricular activities and a series of field trips planned in conjunction with course work.
Questions should be answered in English. Since most applicants for UPP do not know much, if any, English, it is perfectly acceptable to request help in filling out the application. Please give the name and relationship to the applicant of persons helping to complete this form in English.
