Always striving to be at the forefront of innovation in education and progress, AUB is launching its own Massive Open Online Courses (MOOCs) starting with the 2014 fall semester. READ MORE

News

Findings of AUB studies on energy efficient building design reveal cost savings, eco-friendliness, and health benefits
Researchers from AUB have released a series of findings from six research studies at the first international efficient building design conference held at AUB by ASHRAE, a global building technology society formerly known the American Society of Heating, Refrigerating and Air Conditioning Engineers. Some 30 research papers and 10 industrial presentations were unveiled at the conference where 15 countries were represented. READ MORE

AUB community mourns the loss of our dear alumnus and friend, Ambassador Charles W. Hostler
Ambassador Charles W. Hostler was a soldier, diplomat, ambassador, businessman, scholar, educator, author, and a tireless global traveler. Much of his international contribution has focused on the Middle East; Lebanon and AUB have always held a special place in his heart. READ MORE

AUB students win national computer programming competition
AUB students have grabbed the top four slots in the 6th Lebanese Collegiate Programming Competition (LCPC 2014), which was held on September 26-27, and organized by the computer science department at AUB. READ
