Carpooling app grabs first prize of the 2015 Samir and Claude Abillama Eco-entrepreneurship Award

For the cautious, the risk and hassle of carpooling outweighs its benefits substantially. But recent graduates Mohamad Nabaa, Lujain Nabaa, Basma Jilani and Ralph Khairallah decided to take on the challenge of making carpooling attractive to all – cautious and otherwise. READ MORE

News

What if our solar system had a companion star?
A paper titled “The Disruption of Multiplanet Systems Through Resonance with a Binary Orbit,” coauthored by Jihad R. Touma of AUB and S. Sridhar of the Raman Research Institute, Bangalore, India, recently published in Nature, proposes a new mechanism that disrupts systems with multiple planets, and could explain the prevalence of single planet systems.
