

*The President's Club Administrative Board.*

Since its founding in 1981 the President's Club has donated over \$1.5 million to the AUB through membership fees and fundraising projects.

One new successful fundraising effort has been the on-going "Bench Project". The President's Club has offered individuals the opportunity to dedicate a campus bench (there are 72) with a donation of \$5,000. Six of the green campus benches were "adopted" in the Spring of 2001.

This year, the President's Club provided funds for the following projects which have supported the activities of students at AUB:

- Sixty-six air conditioning units were given for the women's dormitories.
- Twenty-five computers were purchased and distributed among the six University dormitories.
- The student lounge at the Agricultural Research and Educational Center was renovated, and air conditioning was provided.
- Much needed state-of-the-art audio visual equipment was provided for the Science Lecture Hall on the Lower Campus.
- Funds were provided to aid with the Drama Club's production of Shakespeare's Twelfth Night.
- An air conditioning unit was provided in a study room in Kerr dormitory to improve conditions for visually-impaired students.

- A computer was donated for the Biology students, to be used for the publication of their newsletter, "Bits and Pieces of Science".
- Funds were given to the editors of the student publication, "Outlook", to be used for dictionaries, reference books, and recording equipment.
