Executive Master in Health Care Leadership
Innovative. Flexible. Regional
The Faculty of Health Sciences (FHS) at the American University of Beirut (AUB) is offering the Executive Master in Health Care Leadership (EMHCL): an innovative academic program to enhance the knowledge and skills of current and future generations of health care leaders. The program is tailored to the needs of the health care sectors in the MENA region, with the aim of advancing public health knowledge and practice.

FHS is the first independent school of public health in the Arab world. It prepares professionals to analyze and respond to the most pressing public health concerns in the region. Its Graduate Public Health Program is the first public health program to be accredited by the Council on Education for Public Health (CEPH) outside the Americas.

The innovative EMHCL program is flexible and covers a wide range of topics including: Communicating with Policy Makers; Evidence-Based Management; Marketing in Healthcare; Organizational Reform; Performance Improvement and Innovation; and Strategic Planning and Decision-Making, among others.

The EMHCL will expand your knowledge of recent advances in health and of the challenges and dynamics specific to health care systems in the region and globally. The EMHCL will improve your managerial and leadership skills. The EMHCL will enable you to enhance the operations of your institution.
Who Should Apply?

- Mid-level managers and senior executives working or interested in the health care sector.
- Professionals committed to leading their institutions towards excellence.
- Motivated individuals planning to play a leadership role in health systems.

Program Structure and Credit Requirements

The EMHCL Program provides a flexible format that allows you to continue working without significant interruptions:

- The program is a 45-credit master program that offers 21 block courses spread over 18 to 24 months.
- Attendance is required once a month for a 5-day intensive session.
- Follow-up is conducted between sessions.

Admission Requirements

An applicant is considered for admission to the EMHCL program if he/she:

- Has at a minimum a bachelor degree from a university that is recognized by AUB.
- Meets the English Language Proficiency Requirement (ELPR) of AUB.
- Has at least 5 years of professional experience in the field of health care, management or a related field. Applicants from non-health sectors may be considered.

For more information on AUB admission requirements, visit the online catalogue for graduate students at: aub.edu.lb/registrar
Selection Criteria

Applicants must submit, along with the application, a personal statement explaining their interest in the Program, in addition to names and contact information of 2 references.

If eligible and shortlisted, a selection interview will then follow to conclude the admission process.
