Are you a Certified Professional in Healthcare Quality yet?

Sign up for the CPHQ training course and get the gold standard of the healthcare quality profession.

Organized by the Quality, Accreditation and Risk Management Program at the American University of Beirut Medical Center, in collaboration with the Continuing Medical Education Office at the American University of Beirut.

www.aubmc.org
The Continuing Medical Education (CME) Office at the American University of Beirut, in coordination with the Quality, Accreditation and Risk Management Program, is launching a Certified Professional in Healthcare Risk Management (CPHRM) course for interested participants in Lebanon and the region.

**Place:** Crowne Plaza Beirut  
**Date:** 26-30 May 2014

This five-day condensed course is designed for healthcare professionals seeking to advance their knowledge and sharpen their skills in risk management. The course is an intensive review of the comprehensive body of knowledge that is designed to provide the participants with the required information to take the CPHRM exam. It includes healthcare risk management principles and patient safety issues presented by experts in the field who are recognized as professional risk managers. The information will be delivered through lectures, discussions, small group work, case studies, and a daily review of typical CPHRM exam questions and answers.

**Introduction**

This course has been approved by the American Hospital Association (AHA) for 30 CE credits.

“CPHRM is more than a certificate; it is a professional achievement to be proud of.”  
*Khalil Rizk*
The CPHRM review course is a unique opportunity provided by certified professionals in healthcare risk management. This course is one of its kind in Lebanon and the region, and will provide participants with a golden opportunity to acquire the competencies required to become a qualified healthcare risk manager.
