IOF Regionals 3rd Middle East & Africa Osteoporosis Meeting in Abu Dhabi is fast approaching.

The IOF Regionals 3rd Middle East & Africa Osteoporosis Meeting is expected to be the region’s largest medical event in the musculoskeletal field and is an ideal opportunity to present your research to leading KOLs and an international audience.

The program includes:

- A pre-meeting workshop on Diabetes & Osteoporosis
- Plenary sessions on Fracture, Vitamin D during Lifecourse, Who is at Risk and Who to Treat?, Treat to Target, Challenges with Osteoporosis Therapy, What’s new on the Therapeutic Horizon
- A Secondary Fracture Prevention Workshop, including Fracture Liaison Services in the MEA
- Meet-the-Experts Sessions on ten different topics
- A Young Investigator Award Session – the five top ranking abstracts submitted by young scientists (aged 40 years or younger) will be awarded 1000 USD each and will present their work at a special session
- A Young Investigator Mentoring Programme (by invitation only) - young scientists (aged 40 years or younger) with an interest in osteoporosis and related musculoskeletal diseases are provided with the opportunity to be mentored by leading experts in the field
- Expert Office Hours – bring your questions and challenging cases to our experts who will advise on clinically related issues and patient specific cases.
- Oral Abstracts Sessions – the 12 top ranking abstracts will be selected for oral communications
- Moderated Poster Sessions
