146th Commencement Exercises for 535 graduate students, among whom were 12 PhD candidates and 84 MDs

The award ceremony took place at 8pm on the AUB Green Field, during the 146th commencement exercises for 535 graduate students, among whom were 12 PhD candidates and 84 MDs.

The ceremony started with the traditional procession of faculty members in their academic regalia, led by Chief Marshal Huda Zurayk, who opened and closed the ceremony. AUB has been conferring honorary doctoral degrees since 1890, but the tradition was suspended between 1969 and 2002 and was reinstated in 2003.

Graduate students present their research at the fourth KAS CRSL Conference: Innovative Research and Creativity at AUB

The Kamal A. Shair Central Research Science Laboratory (KAS CRSL) in partnership with Graduate Student Society at AUB and the U.S. Agency for International Development’s Partnership for Enhanced Engagement in Research (PEER) organized the Fourth KAS CRSL Research conference entitled "Innovative Research and Creativity at AUB" on Thursday May 7, 2015 in Charles Hostler auditorium.

**AUB nursing graduates: Shattering the traditional image of a nurse**

The Rafic Hariri School of Nursing at AUB is changing the image of nursing in Lebanon and the region. We continue to graduate the best bedside Professional nurses and we are preparing a cadre of advanced practice nurses at the masters level who are providing cutting-edge services in a variety of health care settings.

Today nursing is powerful work and nurses can practice anywhere. Our faculty are professional clinicians, dedicated teachers, and excellent researchers. We believe AUB Nursing has shattered the traditional image of a nurse by expanding boundaries and placing the nurse as an equal partner in health care. Read More
