The Department of Psychiatry at the Faculty of Medicine of the American University of Beirut (AUB) is seeking a full-time Child and Adolescent Psychiatrist to join its ranks. Candidates must be certified by the American Subspecialty Board or equivalent. Additional training or experience in Pediatric Psychosomatic Medicine is preferred.

The ideal candidate must have an established record in teaching, clinical work and research. His/her responsibilities will include inpatient and outpatient care at AUBMC and off-site, resident supervision and teaching of medical students. Research endeavors are highly encouraged.

Many opportunities for collaboration within the framework of the Abu-Haydar Neuroscience Institute exist with physician-scientists and clinicians from pediatrics, adult/child neurology, neurosurgery and psychiatry. Resources and opportunities for clinical and basic research are also available.

Applicants should submit electronically: curriculum vitae, the names and addresses of four references, a summary of accomplishments in the areas of clinical scholarly activities, teaching and research, and their future plans. All requested documents should be sent to zn17@aub.edu.lb
