The Department of Internal Medicine is seeking to employ an experienced epidemiologist at the level of Assistant or Associate Professor of Medicine to be a member of the Clinical Research Institute (CRI) at the Faculty of Medicine. The main tasks of that person would be to support other faculty members in different aspects of clinical research and to support other functions of the CRI. Candidates must have a doctoral degree with a strong background in academic activities including teaching and the conduct of clinical research. They must have displayed interest in pursuing a career in academic medicine, evidenced by publications in peer-reviewed journals.

Key responsibilities include providing guidance, supporting, and mentoring junior investigators in writing study proposals (including refining research question, study design, and statistical plan), grant applications, and, and assistance in publishing the research work. The candidate is expected to support other functions of the CRI such as research education, supervising CRI staff, supporting research centers and programs at AUBMC. Research education responsibilities include didactic and hands-on training of students, residents, staff, and faculty as well as learners from outside AUB in conducting clinical research.

Applicants should submit electronically: curriculum vitae; the names and addresses of four references; a summary of their accomplishments in the areas of clinical scholarly activities, teaching, and research; and future plans. All requested documents should be forwarded to the Chairperson of the Department of Internal Medicine, Dr. Fuad Ziyadeh, to the following e-mail address: fz05@aub.edu.lb no later than May 31, 2016.

Fuad Ziyadeh, MD.
Professor and Chairperson
Department of Internal Medicine
American University of Beirut
P.O.Box 11-0236 - Riad El Solh 1107 2020
Beirut-Lebanon

AUB is an affirmative action institution and an equal opportunity employer.
