Section 1 – Housing Policy

AUB provides on-campus housing or off-campus housing to eligible faculty for the purpose of attracting and retaining academic staff. The University wishes to encourage faculty to live near their place of employment. In regard to on-campus housing, AUB gives priority and preference to new faculty recruited from abroad as they join the University, provided they do not already own a primary residence off-campus. The University also gives priority to senior administrators, including academic deans, whose on-campus presence the University deems important. The assignment of on-campus housing to key administrative personnel shall be co-terminus with their administrative appointments.

To the extent that it is fiscally possible, AUB provides a plan that helps faculty purchase their own primary residences within the area included within a 20 km radius from AUB extending from Ed Damour through Bhamdoun then Bikfaiya to Tabarja, provided that they continue employment with the University. The Housing Policy also entitles housing rentals within the above mentioned area. The University limits participation in on-campus housing, off-campus housing, and/or the housing purchase plan to a total of 13 years from the date of participation in the university housing plan.

Any benefits granted under this policy are a privilege not a right. AUB retains the right to change this policy at its sole discretion without prior notice. University rules and regulations for both, on and off-campus housing, are set forth in the Housing Rules and Regulations. The University retains the right to change these rules and regulations and the terms of fees and payments at its sole discretion.

Normally, only full-time faculty in professorial ranks are eligible for on-campus housing or for off-campus housing leased by the University, provided they do not own a primary residence in Lebanon. If a faculty member in professorial rank joins the non-professorial ranks (instructor or lecturer) or assumes a part-time teaching position, s/he is normally no longer eligible for university housing.

The assignment of on-campus housing to faculty members will be for a maximum period of seven years.

Faculty members who elect to leave on-campus housing may add to the six years of off-campus housing the balance of the years they forfeited in so moving. The total years of on-and/or off-campus housing should not exceed 13 years. Therefore, anyone who has been living in AUB on- or off-campus housing for 13 years or more (cumulative), the total 13-year housing limit is considered satisfied in full, and no further on or off campus housing is applicable.
Section 2 - Housing Purchase Plan (HPP)

Eligible full-time faculty members, who wish to purchase a primary residence off campus, may participate in the university housing purchase program, which provides financial assistance for up to a total of thirteen (13) years to help purchase their housing. The University limits participation in on-campus housing, off-campus housing, and/or the housing purchase plan to a total of 13 years from the date of participation in the university housing plan.

The goal of this purchase plan is to assist faculty in buying their own homes. No person shall receive a housing grant and occupy university housing during the same fiscal year (July 1 – June 30). Under the purchase plan, qualified persons, as specified in the paragraph above, may receive total annual payments of $10,382 (ten thousand three hundred eighty two US Dollars) at the beginning of the academic year, in order to help defray the costs of buying a home. Any such university contributions to this housing purchase plan stop automatically on cessation of employment by the University. This housing grant is subject to normal taxation.

Section 3 - Procedure for the Implementation of the Housing Purchase Plan

In order to benefit from the Housing Purchase Plan (HPP), the faculty member must be eligible under the terms and conditions of the University's Housing Policy and the HPP, and in particular:

1. The faculty member must have a professorial rank at the University (namely, assistant professor, associate professor, or full professor).

2. The house intended to be purchased should be the eligible full-time faculty’s primary residence in Lebanon.

Provided the above conditions are met, the faculty member must submit an application (please check Appendix I) to the Human Resources Department.

The applicant must provide sufficient evidence of the following:

a. The location of the primary residence to be purchased within the area included in a 20- km radius from AUB extending from Ed Damour through Bhamdoun then Bikfaiya to Tabarja (see attached map).

b. That the applicant does not already own, directly or indirectly, a primary residence in Lebanon (a Statement of Real Estate Properties افادة عقارية must be attached to the application).

c. The purchase of and/or the option to purchase a primary residence is not more than one year from the date of application to HPP (maybe in the form of a true certified
copy of the purchase agreement, or an option to the purchase agreement or the title deed, and evidence of the payment of the price, either in installments, or in full).

Applications should normally be submitted at least one month prior to the start of the academic year for which the grant is requested.

Applications will be considered by an ad-hoc committee appointed by the Chief Operating Officer on the basis of the evidence submitted and the funds available.

The committee's decision will normally be communicated to the applicant within a period of two months as of the date of application. The committee's decisions are considered final.

If and when an application is accepted, yearly payments of the housing purchase grant will normally be made at the beginning of the academic year for which the grant is awarded.

On acceptance of the HPP, the applicant renounces any right to university housing or other such benefits granted under the Housing Policy or contract of employment.

For the University to process yearly payments as herein above indicated, the faculty member must submit every year, and at least one month in advance, evidence of payment of installments towards the purchase of the primary residence, if applicable, as well as proof of continued ownership and use of the property as primary residence.
