The Department of Obstetrics and Gynecology offers clinical clerkships and specialty electives to medical students. It also offers clinical postgraduate training to MD graduates. The residency program is a four-year specialty training in obstetrics and gynecology. Five categorical postgraduate year 1 (PGY1) and 2-3 preliminary PGY1 are accepted yearly. All residents sit for a yearly examination of the Council for Resident Education in Obstetrics and Gynecology administered by the American College of Obstetrics and Gynecology. The training is recognized by the Arab Board of Medical Specialties.

**OBGY 247  Clinical Clerkship 47–360.**
A clerkship offered to third year students consisting of daily seminars in normal and abnormal obstetrics and gynecology, weekly grand rounds, and a clinical clerkship in the delivery suite, hospital wards, and outpatient clinics. Other activities include specialty clinics in reproductive endocrinology and assisted reproductive technology, family planning, gynecologic oncology, maternal fetal medicine and urogynecology. *Two months.*

**OBGY 248  Elective in Obstetrics and Gynecology 0.180–360.**
Exposure to selected general Obstetrics and Gynecology or subspecialties in the field. *Offered to fourth year students. One month.*
