Booz & Company Recruitment Presentation

WHAT?

A recruitment presentation will be held at the AUB Campus.

Booz & Company
Consulting Career Opportunities in the Middle East

Booz & Company is the new name for Booz Allen Hamilton's global management consulting business, following the separation of operations from the U.S. government consulting business. Booz & Company continues our rich heritage in management consulting, which dates back to 1914. Today, we have 3,300 staff in 61 offices with a large and growing global client base. Our purpose is to serve the senior agenda of the world's leading institutions. We are recognized for the relevance of our ideas, the practical impact of our contributions, the collaborative spirit of our people, and the global nature of our firm.

Booz & Company has been active in the Middle East since the 1970s and we have experienced tremendous growth in the last three decades. Today we have offices in Abu Dhabi, Beirut, Cairo, Dubai, Doha and Riyadh. We are the leading management consulting firm in the region, with more than 300 consultants of 20 different nationalities working across all countries in the Middle East. Our client base covers a wide range of industries, including government, telecommunications, media, consumer goods, financial services, transportation, and energy. Our clients are some of the most successful and ambitious organizations in the world.

Examples of recent client work in the Middle East include:

- Preparing a telecom operator for listing on the stock exchange
- Developing the growth strategy for a national airline
- Restructuring a national rail company and developing its long-term growth strategy
- Developing the national economic strategy for a country
- Defining the capital markets strategy of a leading regional financial institution
- Building a portfolio strategy for a leading conglomerate

We are seeking brilliant students at the undergraduate and graduate levels to join our Middle East offices and work with us to help our clients achieve their most challenging goals. We look for candidates who are creative thinkers-bold and

unafraid, driven by a passion to help our clients achieve excellence. From our candidates, we expect strong analytics and reasoning, along with the energy and perseverance to relentlessly pursue creative solutions to complex issues and then to be able to clearly communicate these ideas in a team setting.
