Student Affairs

In Coordination with Elkem Silicon Materials

WHAT? | *Student competition: The goal is to familiarize students with the production of high performance sustainable and durable concrete using silica fume (Elkem microsilica). Students will be required to develop appropriate mix designs to achieve target performances of more than 100 MPa. All participants will be rewarded by Elkem Silicon Materials. The winning team will be provided with a trip to China or ???*

WHEN? | *An introductory seminar will be held to explain the framework of the competition on February 16th, 2012.*
Session 1: 12 noon – 1pm, Auditorium B.
Session 2: 1pm – 2pm, Auditorium B.

WHERE? | *West Hall, Auditorium B*

WHO? | *3rd and 4th year undergraduates and Graduate Students - Civil/Construction Engineering majors*

HOW? | *Since capacity is limited, you need to register online before January 15, 2011 by following the below hyperlink:*
