

Did you lock your room before leaving???

► Keep your valuables organized and safely locked. Avoid clutter in your room.

It is easy to misplace or lose items in a disorganized room.

► Report the disappearance/loss/theft of items immediately. Just send us an email.

► Report irregular or peculiar behavior.

► Keep your door locked when you are away from your room.

► Never give your keys to anyone or leave them unattended. Leaving them in your mailbox is not a good idea. Anyone can take them.

► Do not carry all your money with you. Keep a small amount with you and leave the rest in a safely locked place.
