Dear Student,

We are delighted that you are planning to apply to AUB and hope that you will be able to visit the campus during the coming months and learn more about the curriculum, facilities and student life.

As you are completing this application for admission, you will be asked to make a number of choices: decisions about which entrance level is appropriate for you, which program(s) of study most interest you, when you would like to begin your studies, and on what timetable you will complete your application and learn the decision of the Admissions Committee about it. You will also want to make sure that you complete all the steps in the application process in a timely way.

Please review the admissions policies, requirements and deadlines summarized in the Admissions Information in this publication. In order to make informed decisions and to complete your application successfully you should be familiar with these policies and should meet all requirements and deadlines. Let me call your special attention to the following:

- Academic Requirements and Records refers to the type of secondary preparation needed for applying to the various entry levels and faculties.
- The SAT I requirement refers to the standardized test all applicants must submit by certain dates.
- The English Language Proficiency Requirement (ELPR) refers to ways in which you may indicate that you have the degree of English proficiency needed to succeed in a program taught almost entirely in English.
- The Early Admission Program refers to a plan for applying to AUB early in the application cycle in order to receive an early decision.
- Application deadlines refers to the dates:

Sophomore (FAS), First Year Professional, and Transfer Applicants

Holders of the Lebanese Baccalaureate or its equivalent (French baccalaureate, International Baccalaureate, GCE, etc.) qualify for consideration for admission to the sophomore class at AUB. Admission to the sophomore class is based on a composite score generated from SAT scores (Critical Reading and Mathematical Reasoning) and standardized school averages for grades 10 and 11. Standardization of school grades is based on class size, rank (if available) and average of applicant compared to class average. Since admission is competitive depending on the major sought, applicants are urged to apply to more than one faculty (up to three faculties) and to more than one major per faculty (up to three majors if available). It is also advisable that applicants take the SAT more than once so that their chances of being admitted may improve.

An applicant may be offered admission to more than one major (one major per faculty) and must decide upon one choice of major by the end of June.

An applicant may not apply to more than three faculties and up to three majors per faculty, please indicate your order of preference (Major No. 1 is your first choice).

N.B. Transfer applicants must submit the syllabi of the courses for which they expect to receive credit at AUB, together with the application form before April 30. The deadline for receipt of additional/missing syllabi is May 30, after which no equivalence will be given for courses. It is the responsibility of the applicants to update their transcripts to make sure that accurate information is given to the Admissions Committees.

The Freshman Year Program is designed for students who hold a secondary school certificate based on 12 years of schooling, starting from Elementary I, and who have not completed the Lebanese Baccalaureate Part II or the French Baccalaureate (holders of the Baccalaureate Part II or the French Baccalaureate may not apply to the freshman class). Completion of the freshman year at AUB is required (in lieu of these secondary diplomas) for admission to a major and promotion to the sophomore class in the Faculty of Arts and Sciences or admission to the equivalent classes in the other faculties. Students who have completed the International Baccalaureate Diploma, the GCE in required subjects, the German Abitur, or similar programs may apply to either the freshman class or the sophomore or equivalent classes, depending upon the subjects taken and the level of performance. If they apply to the freshman class, they may receive advanced placement and credit in particular subjects for excellent performance in those subjects. For full information about the requirements for admission to and completion of the freshman year, please consult the admissions section of the 2012–13 Catalogue.

Each year the University enrolls approximately 400 new students in the challenging Freshman Year Program. Most students spend two semesters completing the 30 required freshman credits; some students spend a longer or shorter time depending upon the level of preparation with which they enter and the quality of their performance in the freshman year. The Freshman Year Program gives students with twelve years of schooling the opportunity to move more comfortably from secondary school to the university level, to make a better informed choice of a major field, and to gain a sound preparation for professional school.

Freshman Applicants

Special Instructions for applicants to the Freshman Class

This year, the AUB Office of Admissions will be giving special attention to students applying for the freshman year. We will be looking for those students who are most likely to succeed academically at AUB, but also who might have a special interest, talent, or leadership quality which would enrich the social, artistic, and intellectual climate on campus. A student's composite score (school grades and SAT scores) will of course be the most important element of a student's application. But the new Freshman Admissions Committee will also look closely at the full, written application, in order to assess various personal factors that could contribute to a student’s ability to succeed at AUB.

Each application will receive a full and careful reading by selected members of the faculty as well as by admissions officers. It is therefore important that students complete the full application below, so that the readers can get to know each applicant as fully as possible.

Admission to the freshman class at AUB is based on:

- A calculation of 50% of the high school GPA for grades 10 and 11, and 50% of the SAT 1 score (Critical Reading + Mathematical reasoning sections).
- A consideration of personal qualities and academic motivation, as determined by your completed application and personal statement, and the recommendations from your teachers and school counselor.
