Welcome to AUB
On behalf of the Faculty of Arts & Sciences we would like to take this opportunity to welcome you to AUB and to wish you a happy and successful future. This pamphlet has been designed to help you answer any questions that you may have regarding the freshman program offered at AUB. If on reading it you have any further questions please do not hesitate to contact your adviser.

Regular Freshman Program
The freshman program requires completion of 30 credits, whether or not the student remains in the Faculty of Arts and Sciences or shifts to another faculty. Students intending to major in a subject within the Faculty of Arts and Sciences may be accepted as provisional majors on completion of 24 credits.

Freshman Credit Load
Freshman students are allowed a maximum load of seventeen credits per semester and 9 credits during the summer term. English course requirements must be taken as of the first semester at the university. Students who wish to register for more than 17 credits must petition the Student Academic Affairs Committee for permission to do so. Requests are handled on a case-by-case basis.

University Requirements

English: All new students at AUB are placed in one of the English communication skills courses (ENGL 102, ENGL 203, or ENGL 204) on the basis of their score on the TOEFL, the AUB-EN (EEE), or the SAT Writing. A student placed in one of the courses in the sequence has to do that course and all following courses. During the freshman year students are required to take a minimum of three credits in English at level 200 or above (either ENGL 203 or ENGL 204 depending on placement). English 102 and ENGL 204 may be considered electives for freshman students to complete their freshman program in addition to ENGL 203.

Arabic: All students who have been admitted to the Faculty of Arts and Sciences and whose native language is Arabic must satisfy the Arabic Language Requirement (ALR) - except for those students who have completed their secondary education in a non-Arabic medium program and who receive exemption from the Office of Admissions. Students may apply for exemption to the Office of Admissions any time before the end of the registration period. Non-exempted students entering at the level of the freshman class must take three credits in Arabic at the 100 level, and their performance in this course (or in the two freshman Arabic courses if taken) determines their required Arabic course at the sophomore level (see attached chart). Students exempted from the Arabic Language Requirement should replace this requirement by taking any 3-credit course in Humanities or any language course including Arabic as a foreign language.

Faculty Requirements
In order to complete 30 credits for the freshman class, every freshman student must take at least one course in the following areas of study: humanities, mathematics, natural sciences, social sciences, plus departmental requirements that allow him/her to qualify for a major beginning with the sophomore year. See Table 1 for the distribution of these requirements in the various academic units of the Faculty of Arts and Sciences and other faculties.

Lebanese freshman students: Lebanese students who are admitted to the freshman class should check with their advisers at registration time to ensure that the number of credits and the types of subjects that they take during their freshman year are in compliance with the specifications of the Equivalence Committee of the Lebanese Ministry of Education. The Equivalence Committee requires that out of
the thirty (30) freshman credits nine (9) must be in the humanities and social sciences with at least three (3) credits in each of these two areas. The Committee further requires that the thirty (30) freshman credits should include six (6) credits in the natural sciences and mathematics with at least three (3) credits in the natural sciences.

Upon completion of the freshman class at AUB, Lebanese students who have secured permission to pursue higher education on the basis of a foreign program are entitled to have their freshman class equated to the Lebanese Baccalaureate part II by the Equivalence Committee of the Ministry of Education. Freshman Students must provide evidence of having received the Lebanese Baccalaureate or its equivalent for promotion to the sophomore class or equivalent classes in other faculties/schools.

**Freshman Courses (See Freshman Course Selection Leaflet for Fall 2013/ Spring 2014)**

Students are recommended to take electives from the following list of courses. These courses have been specifically designed for, and are open only to freshman students. Students who wish to take courses numbered 200 and above (not listed below) may do so exceptionally with the approval of their advisers. Freshman level courses listed below are arranged according to the different areas of study:

**Humanities:** ARAB 101, ARAB 102, AROL 101, CVSP 110, CVSP 111, CVSP 112, ENGL 103, ENGL 104, ENGL 105, ENGL 106, ENGL 108, FAAH 150, HIST 101, HIST 102, HIST 200, PHIL 101, PHIL 102 and SOAN 103.

**Mathematics:** MATH 101, MATH 102 and MATH 203.

**Natural Sciences:** BIOL 101, BIOL 105, BIOL 106, CHEM 101, CHEM 101L, CHEM 102, CHEM 102L, CHEM 200, GEOL 101, GEOL 102, GEOL 103, GEOL 104, PHYS 101, PHYS 101L or PHYS 103, PHYSS 103L, PHYS 200 and ENHL 200 (from the Faculty of Health Sciences)

**Social Sciences:** ECON 101, ECON 102, PSPA 101, SOAN 101 and PSYC 101.

**Electives:** As necessary to add up to 30 credits in total (e.g.: CMPS 101). See Tables 2 and 3 for requirements to transfer into a major.

**Courses Numbered 200 and Above**

Some courses numbered 200 and above are suitable for freshman students. Note, however, that these courses are also open to sophomores, juniors and seniors and therefore may be more competitive than courses offered at the 100 level. Such courses include those that are freshman requirements (see above) and those that are listed in Tables 1 and 2.

**Transfer to a Major**

Any student in his/her freshman year who is not on probation at the time of application, may transfer into a major within the Faculty of Arts and Sciences upon completion of 24 credits, including departmental requirements as shown in Table 2. Such students must submit the transfer form (attached) together with a copy of their transcript to their adviser, after the semester grades are issued, and within one week after the end of that semester. Note that you may print your transcript from AUBsis (AUB home page www.aub.edu.lb).
Transfer to Other Faculties
Any freshman student who wishes to transfer to another faculty must complete the freshman program (30 credits), including faculty requirements as shown in Table 3.

Premedical Students
The medical school at AUB (AUBMC) has recently changed the criteria to join AUBMC. The change in the AUB premedical course requirements, which will recognize some Lebanese Baccalaureate courses/Freshman courses as equivalent to required pre-medical core courses (see Table 4), renders the AUB course requirements different from those at other medical schools in Lebanon (such as Balamand and LAU). Students who are planning to apply to these schools should be sure to take courses which may be required by them, but are no longer required at AUB.

Deadlines for receiving applications for admission to other faculties:
For AY 2013-14 admission: January 20 - March 7. See online application on Registrar’s website for specific deadline - http://www.aub.edu.lb/registrar/Pages/index.aspx

Important Dates to Remember: (Please refer to the Registrar for possible changes in dates)

Drop and Add for the Fall semester ‘13
Last day for withdrawal from courses for the Fall semester
Advising for Spring ‘14
Spring ‘14 on-line course registration
Drop and Add period for the Spring Semester’ 14
Fall Term (2014-15) early (Phase I) on-line course registration for continuing students
Last day for withdrawal for Spring Semester
Advising for continuing students for the Summer 2014, and Fall 2014-2015

Good Luck!

Freshman students wishing to select a prospective major in the Faculty of Arts and Sciences may do so after they have completed at least 24 credits as Freshman and satisfied the “requirements for selection of a prospective major” (see back page), and provided they are not on academic probation.

This form should be submitted to the Faculty of Arts and Sciences Undergraduate Admissions Committee immediately after the semester grades are issued, and within one week after the end of that semester. The selection, if approved, becomes effective at the beginning of the semester for which the request is made.

**Procedure:** Complete this form, attach to it a transcript of your grades for both semesters, take it to your Freshman adviser who will make his/her recommendation and send it to the Faculty of Arts and Sciences Undergraduate Admissions Committee for action. The decision of the Committee, taking into consideration the criteria established by the prospective departments, will be communicated by the Registrar to the student concerned in writing with copies to the Office of the Dean, the Freshman adviser, and the Chairperson of the department concerned. Moreover, the student must confirm his/her new major with the Registrar before the beginning of the semester.
