The Department of Microbiology and Immunology offers courses to medical laboratory technology (MLT), nursing, medical, and graduate students. It offers a graduate program leading to the MS degree in microbiology and immunology. It is also one of the departments in the Faculty of Medicine that is actively involved in the PhD program in basic medical sciences. The requirements for admission to the graduate program are stated on page 531, 532 and in the Graduate Studies section at the end of this catalogue.
