Scope and Content

This archival collection contains around 165 personal letters, a poem, 26 photos, 126 slides and 2 postcards. William West wrote these letters between 1941 and 1946 to his family in the United States. The letters give a glimpse onto the living conditions of an American professor at AUB during this critical period, while the slides portray the botanical and touristic life in Lebanon and AUB during the 1950s and 1960s. The letters and slides give a rare and valuable description of an under-documented period in the region and constitute a treasure trove for historians, botanists and social scientists interested in WWII, tourism and botany of the Middle East.

Biographical Sketch

Born in Beirut in 1894 to Robert Haldane West, Professor William West spent his entire teaching career at AUB, retiring in 1959 as Head of the Department of Chemistry. His mother was the daughter of Reverend and Mrs. John Crawford. Professor West spent his early years in Beirut until 1909 when he travelled back to the U.S. to join school there. He graduated from Mercersburg Academy in 1912, Princeton University in 1916, and later returned to Princeton to receive his Ph.D. degree in 1929. During the First World War, Lt. West served in the U.S. Army, Coast Artillery Corps in Panama. When Dr. West retired in 1959, the Lebanese Government decorated him with the Order of the Cedar.

Quite apart from his dedication as a teacher, the AUB community is indebted to Professor West for the results of his lifelong interest in the preservation of the wildlife of Lebanon. An avid botanist, he, together with Mohammad Abu Abass Hajj, AUB's chief gardener for over a quarter of a century, worked for years to transform AUB into the horticultural showpiece it is today. Dr. West was a member of the British Iris Society and the Appalachian Trail Conference. He died on September 4, 1980.
