

AMERICAN UNIVERSITY OF BEIRUT  
**Office of the President**

November 4, 2019

Dear AUB community,

The university is open but since early Monday we have been experiencing severe disruption on roads around campus. We urge everyone to exercise utmost caution and avoid any confrontation. In keeping with our mission to educate students, classes are taking place for those who are able to reach AUB. However, we are exploring every avenue to ensure that students will not be disadvantaged if they cannot attend university, through capturing course content and delivering it by other means.

Best regards,

Fadlo R. Khuri, MD  
President
