

October 20, 2019

Dear AUB community,

The university is committed to delivering a world-class education, while supporting the right of free speech and expression.

We are planning to open the university as soon as possible, but in the light of continued peaceful demonstrations and road closures around the country, we have decided that the university will remain closed on Monday, October 21, 2019. Please monitor the AUB website and social media for further updates.

To students scheduled to sit exams at this time, please note that no exams will be held until at least one week following the resumption of classes.

Best regards,

Fadlo R. Khuri
President
