

American University of Beirut
Office of the President

November 13, 2014

Dear AUB Community,

It is with real sadness that I must convey to you the news that our friend and colleague Peter Heath, former AUB Provost under President John Waterbury and later Chancellor of the American University of Sharjah, passed away yesterday at his home in the US after a long battle with severe illness. When we learn of the plans the family has made for his interment and memorial service, we will make another announcement.

On behalf of our community, I extend my deepest sympathy and condolences to Marianne Heath and to Peter's children, Christina and Simon; may his soul rest in peace.

Peter Dorman
President
