

OFFICE OF THE REGISTRAR

November 7, 2023

Dear AUB Community,

We hope this message finds you well. We are writing to provide you with an important update regarding academic advising and course registration for the upcoming Spring 2023-24 semester.

Regrettably, as of this moment we have been unable to resolve the unexpected technical challenges with our new **cloud-based data transfer process**, necessitating an extension of the delay in the academic advising and registration schedule. We understand the critical nature of timely advising for course selection and registration, and we are committed to ensuring that all essential information is readily available and accurate for our students.

The revised advising and registration dates are as follows:

Original Advising Period: November 6 to November 10, 2023

Revised Advising Period: November 13 to November 17, 2023

Original Registration Period: November 14 to December 8, 2023

Revised Registration Period: November 20 to December 8, 2023

This delay is inevitable measure to address and resolve the technical issues we are currently facing. Our dedicated technical team is still working tirelessly to expedite the resolution of these challenges and is fully committed to resolving them as soon as possible.

We regret that this delay may inconvenience our community members. Your understanding and patience are greatly appreciated as we strive to ensure a smooth and reliable data transfer process for academic advising and course registration.

We are committed to keeping you informed of any further developments, and we encourage you to reach out to our Registration Team at registration@aub.edu.lb if you have any concerns or questions during this period.

Thank you for your cooperation, and we look forward to providing you with the best advising and registration experience once these technical issues are resolved.

Best regards,

Office of the Registrar
