

General University Academic Information

For incoming students starting Fall 2019-20, please visit the below link:
<https://www.aub.edu.lb/Registrar/Documents/general-info-grad.pdf>

Academic Rules and Regulations

The general policies, procedures and minimum requirements for advanced degrees are stated in this section. However, each program has specific degree requirements which are detailed in the respective program descriptions under later sections of this catalogue. Both general and program specific requirements must be fulfilled in order for the graduate student to receive a master's degree or PhD degree.

Academic Advisors

For master's degree level, refer to Supervision of Master's Thesis or Project on page 63.

For PhD degree level, refer to Supervision of Doctoral Thesis on page 71.

RCR Requirement

The Responsible Conduct of Research (RCR) Requirement must be completed by all newly admitted degree seeking graduate students, both at the master's and PhD levels. The requirement includes prospective graduates and graduates admitted on probation.

The requirement is fulfilled by completing the CITI Responsible Conduct of Research course determined by the student's respective faculty and department/program. RCR courses "cover core norms, principles, regulations, and rules governing the practice of research." Topics include research misconduct, data management, authorship, peer review, mentoring, using animal subjects in research, conflicts of interest, collaborative research, and research involving human subjects. Additional topics may be included according to research discipline.

The requirement must be fulfilled within one month of being notified of the requirement. Failure to fulfill the requirement in a timely manner results in a registration hold that is removed once the student has completed the RCR course.

Academic Dishonesty

Plagiarism, falsification of data, cheating and other forms of academic dishonesty are serious violations of academic integrity and may result in dismissal. Students are expected to be familiar with the various forms of academic dishonesty as explained in the Student Code of Conduct and in the University Policy and Procedures Concerning Research Misconduct.

Plagiarism

Students who fail to properly credit ideas or materials taken from other students and/or outside sources commit plagiarism. Putting your name on a piece of work - any part of which is not yours - constitutes plagiarism, unless that piece is clearly marked and the work from which you have borrowed it is fully identified. Plagiarism is a violation of the university's academic regulations and is subject to disciplinary action.

Correct Use of Language

Facility in clear, correct and responsible use of language is a basic requirement for graduation.

Papers (term papers, essays or examinations) that are ill-written, no matter what the course, may receive a lower grade for the quality of writing alone.

The final grade in any course may be lowered for consistently substandard written or oral expression; in extreme cases, a failing grade may be given for this reason alone.

See information on the Readiness for University Studies in English (RUSE) on page 41 of this catalogue.

Attendance

Refer to Withdrawal from Courses.

Attendance Policy

A student who is absent without excuse for more than one third of the number of sessions in any course may be dropped by the instructor of the course.

Classes and Laboratories

- Students are expected to attend all classes, laboratories or required fieldwork. All missed laboratory or fieldwork must be made up. A student is responsible for the work that is done and for any announcements made during her/his absence.
- Students who miss more than one-fifth of the sessions of any course in the first ten weeks of a given term (five weeks in the case of the summer term) are dropped from the course if the faculty member has stated in the syllabus that attendance will be taken.
- Students who withdraw or are forced to drop a course receive a grade of W.
- A student cannot withdraw or be withdrawn from a course after the announced deadline unless approved by the appropriate faculty committee.

Examinations and Quizzes

Students who miss an announced examination or quiz must present an excuse considered valid by the instructor of the course. The course instructor should then require the student to take a makeup examination.

Medical reports and/or qualified professional opinions issued by an AUB employee, AUBMC doctor or by the University Health Services are accepted. Should there be a question about the validity of any excuse presented by the student, the matter should be referred to the appropriate faculty committee.

Leave of Absence

All graduate students are expected to make steady and satisfactory progress toward the completion of degrees.

Students who are not enrolled for a period of more than one academic year (two consecutive regular terms and one summer) will be considered to have withdrawn from the program unless they apply for a leave of absence and secure approval of the department, faculty/school Graduate Studies Committee, and Graduate Council.

The leave of absence application can be up to one academic year at a time. The maximum period of approved leave of absence is for two academic years. An approved leave of absence does not count towards maximum residency. Non-enrollment by the student for one regular term without securing leave of absence will count towards maximum residency.

Students who seek to return without having secured leave of absence approval after a non-enrollment period of more than one academic year must reapply and will be considered for readmission following regular AUB application/admission procedures. If re-admitted into the same graduate program, then their earlier status as graduate student will count towards maximum residency.

The approval of the leave of absence is determined by the nature of the excuse, the documentation/proof submitted, and the time of submission. Excuses submitted should consist of circumstances that prevent a student from carrying out his/her graduate studies. Students are strongly advised to consult with their advisors regarding the validity of their excuse.

Normally, students are expected to submit a leave of absence before the start of the term in which the leave begins. However, on some occasions and with adequate justification, students may submit a leave of absence before the end of the drop/add period. Leave of absence requests submitted after the drop/add period will be considered on an exceptional basis if the student's excuse consists of an unavoidable circumstance and the claim is supported with substantial evidence. Students must be willing and able to prove the claims of their excuse, which includes providing any documentation requested as proof.

Category of Students

Full-Time Status

PhD students who are on fellowships that provide financial support and tuition coverage have full-time status at the university.

Full-time status is defined as the enrollment by the graduate student in the following:

- A minimum of 9 credit hours during the fall or spring term. Full-time and part-time graduate students retain privileges of library, email and Internet access even if not registered in courses in summer sessions on condition that they have registered in the preceding spring term.
- PhD degree candidacy status.

Auditing Courses

Those who wish to attend individual classes without receiving credit may apply as auditors. Applications to audit courses are available at the Office of the Registrar.

The applicant should do the following:

- secure eligibility from the Admissions Office. An applicant is eligible to audit an undergraduate course if s/he has completed the Bacc. II, or equivalent; to audit a graduate course, s/he has to have a bachelor's degree, or the equivalent, from a recognized academic institution.
- secure approval from the instructor of the course.
- receive approval from the dean of the faculty/school offering the course.
- pay the tuition charge at the Office of the Comptroller (Student Accounts section).
- register as an auditor at the Office of the Registrar.

Applicants are not eligible to audit laboratory, studio or seminar courses.

Since permission to audit is on a space-available basis, applicants are not permitted to register until registration of regular students is complete.

The university does not grant academic credit for such work. Audit credits do not appear on transcripts.

The Graduate Fellowship and Assistantship Program (GFAP)

The Graduate Fellowship and Assistantship Program (GFAP) at the American University of Beirut provides fellowship support composed of partial or full tuition coverage for students at the master's level towards the fulfillment of their degree requirements. Awards are allocated on a competitive basis based on merit and qualifications, departmental needs, and availability of funds as per the policy published at <https://aub.policytech.eu/dotNet/documents/?docid=1541&public=true>. For new students, the application process is part of the online graduate admissions process (<https://graduateadmissions.aub.edu.lb/>). For continuing students, applications may be obtained from the office of the dean of the faculty to which the student belongs and should be filled out prior to the deadline set by the faculty.

Registration

Requirements

Before proceeding to registration, new students must ensure that all requirements for registration are met, particularly conditions detailed in the admission letter from the director of admissions. These conditions include:

- the Readiness for University Studies in English (see page 41)
- evidence of having received the diploma, certificate, degree or level of university education on the basis of which the student applied and admission was granted (see Requirements of Admitted Students for Registration)

A registration guide is distributed to every student before registration begins. Subsequent to confirmation that all conditions have been met, students should follow the steps in this guide.

Students can introduce final adjustments to their schedules during drop/add period. The drop/add period normally extends for two days and begins one week after the first day of classes.

Cross-Registration

Students Enrolled at AUB Taking Courses at Other Universities

A student studying at the American University of Beirut may be allowed to cross-register for a course at other recognized institutions if all of the following conditions are met:

- the course is required by AUB
- the course is not offered at AUB during the term at the end of which the student expects to graduate
- the course in which the student intends to cross-register is equivalent to a course that AUB offers (the number and title of each of the two equivalent courses should be clearly indicated)
- the chairperson of the department in which the student is majoring sends the Registrar a written statement confirming that all conditions listed above have been met
- the Registrar authorizes the student to cross-register; the student submits authorization to the concerned institution

Students Enrolled at Other Universities Taking Courses at AUB

For purposes of cross-registration, students studying at other recognized institutions who wish to take courses at AUB must:

- secure permission from their institutions to take specified courses at AUB
- secure permission from the dean of the faculty concerned at AUB
- present the above permissions to the AUB Office of the Registrar
- register in accordance with the instructions specified in the registration guide

Courses and Grades

Courses taken as part of a student's graduate study program fall into one of two categories, which are graduate courses or prerequisites (undergraduate courses). Each category may have different grading systems depending on the department/program.

Course Loads

Normally, the maximum number of credits that may be taken in a regular term is 12 credits. The maximum number of credits that may be taken in the summer session is 6 credits. A student who wishes to enroll in more than the maximum number of credits must petition the faculty Graduate Studies Committee to obtain permission.

Graduate Level Courses

- The minimum passing grade for a graduate course is 70 (C+) for a master's student and 75 (B) for a PhD student.
- The minimum grade for a graduate student enrolled in a graduate course is 55 (F).
- Results of tutorial courses, projects or theses are reported as Pass (P) or Fail (F).

Prerequisite Courses

Prerequisite courses are undergraduate courses taken to make up for deficiencies in the student's background.

- Prerequisite courses do not carry graduate credit.
- The minimum passing grade for a prerequisite course is 70 (C+). However, a department or program may set a higher minimum passing grade.

Change of Grade Policy

After grades are posted on the AUB Student Information System [AUBSIS], a change of grade is not allowed unless a demonstrable mistake was made in the correction of the final examination or in calculation of the grade. In such a case, the instructor must complete a Change of Grade form and submit it to the chairperson of the department in which the course is offered, with the supporting evidence for the mistake warranting this change of grade. If the chairperson of the department approves the change of grade, s/he will sign the form and transmit it for final approval to the Dean (all faculties except FAS) or to the FAS Student Academic Affairs Committee if the course is offered in FAS.

Students have the right to access their corrected exams, including final exams, and request review of their exams in case mistakes have been made in calculating grades or in correcting. The request by the student of the course instructor to review the course grade should take place within one week of the posting of course grades date. In case the review by the instructor results in a change of course grade, the instructor shall complete the Change of Grade form in accordance with the procedure outlined by the faculty in which the course is offered.

If a dispute regarding the change of grade continues, the student should discuss the issue with the chair of the department. If the student is still not satisfied, s/he may submit a petition to the faculty Academic and Curriculum Committee requesting further consideration.

Incompletes

A student who receives an incomplete grade for a course must petition the appropriate faculty committee within two weeks from the date of the scheduled final exam for permission to complete the course. Coursework must be completed within one month of the start of the next regular term. In exceptional circumstances, the appropriate faculty committee may decide to give the student additional time to complete a course.

Incomplete coursework is reported as “I”. Normally, “I” is followed by a numerical grade reflecting the evaluation of the student available at the end of the term. This evaluation is based on a grade of zero on all missed work and is reported in units of five. If the work is not completed within the period specified, the “I” is dropped, and the numerical grade becomes the final grade.

Transfer of Credits

Transfer of Credits into a Master’s Degree Program

Graduate courses taken beyond the bachelor’s degree requirements at AUB, or at other recognized institutions, are not transferable for credit toward master’s degree requirements unless the applicant attained a cumulative average of at least 80 (GPA: 3.2) in the undergraduate courses taken in the major or related field of study. Only graduate courses in which the applicant earned an equivalent grade of 80 (B) or above can be transferred. No more than 9 credits are transferable provided they are not credits earned by internship, thesis or practicum, and degree minimum residency requirement is maintained. For master’s degrees with more than 33 credits, the maximum number of transferable credits can be up to 12 credits. Applicants who have completed a Bachelor of Engineering Degree (BE) and are applying for admission into a Master of Engineering Program (ME) may apply for a waiver of up to 9 credits of coursework. The total number of transferable credits from BE to ME should not exceed 12 credits. For more details, refer to the Maroun Semaan Faculty of Engineering and Architecture section. Approval by the faculty/school Graduate Studies Committee is required for all transfers.

Transfer of Credits from One Master’s Degree to Another

Graduate courses taken at AUB (or at other recognized institutions), in which the applicant earned an equivalent grade of 80 (B+) or above, may be transferred to another master’s degree at AUB. No more than 9 credits are transferable provided they are not credits earned by an internship, thesis or practicum, and degree minimum residency requirement is maintained. For master’s degrees with more than 33 credits, the maximum number of transferable credits can be up to 12 credits. Approval by the department or the academic unit concerned and the faculty/school Graduate Studies Committee is required for all transfers. Normally, credits counted toward another graduate degree at AUB or another institution cannot be transferred if they have already been used to satisfy requirements for another awarded graduate degree.

Calculation of the GPA

Credits earned at other institutions or at AUB beyond the requirements of the bachelor's degree and transferred into the master's program are not included in the calculation of a student's grade average while pursuing a master's degree. Such courses are reported as pass (P). Transfers of credit earned at the master's level or while registered as a graduate not working for a degree from AUB are not subject to the above limitations but require the recommendation of the department chair and approval of the faculty/school Graduate Studies Committee.

Transfer of Credits into a PhD Degree Program

Graduate courses taken beyond the master's degree requirements at AUB, or at other recognized institutions, are not transferable for credit toward PhD degree requirements unless the applicant attained a cumulative average of at least 85 (GPA: 3.7) in the graduate courses taken in the major field of study. Only courses taken beyond the master's degree requirements in which the applicant earned an equivalent grade of 85 (A-) or above can be transferred. No more than 6 credits are transferable provided they are not credits earned by an internship, thesis or practicum, and degree minimum residency requirement is maintained. Approval by the faculty/school Graduate Studies Committee and the Graduate Council is required for all transfers.

Transfer of Credits from a Graduate Diploma Program

Transfer of course credits from graduate academic and professional diploma programs at AUB to a graduate degree program is allowed following the academic rules and regulations specified by the university and the faculty/school offering the graduate degree program. However, the number of course credits that can be transferred is up to 12 credits for graduate academic diplomas and up to 6 credits for graduate professional diplomas. In addition, only graduate-level courses in which the applicant earned an equivalent grade of 80 (B+) or above can be transferred. The approval of the faculty/school Graduate Studies Committee is required for all transfers.

Change of Major Within Faculty and Interfaculty Transfer

A student enrolled in a master's degree program at AUB may apply to transfer to another program according to the following procedure:

- Change of major within the same faculty: The student may apply, following the set deadlines for graduate admissions process, for change of major within the same faculty by petitioning the department to which s/he is planning to join and securing its approval and the approval of the faculty Graduate Studies Committee.
- Transfer to other faculties/schools from within AUB: The student should complete a new application to the desired program following the graduate admissions process and deadlines to be considered for admission into the new major.
- Transfer within an interfaculty program: The student should apply to the relevant interfaculty program committee seeking its approval and the approval of the Graduate Studies Committee of the receiving faculty.

Academic Standing of Students Working for a Master's Degree

Good Standing

A graduate student is in good standing when her/his graduate grade cumulative average is 80 (GPA: 3.2) or above. A student must be in good standing in order to be awarded a degree.

Probation and Removal of Probation

The academic performance of the student is first evaluated by the department upon completion of 9 credits of coursework after initial enrollment towards the degree and then is evaluated every term/term thereafter.

Students Admitted on Probation

- A student admitted on probation has to complete at least 9 credits of graduate level courses within the first two terms of graduate studies, has to pass all courses, and has to attain a minimum cumulative average of 80 (GPA: 3.2) to achieve regular status.
- If the student fails to meet any of these conditions, s/he will be dropped from the program.

Students Placed on Probation during Regular Status Residency

- A student is placed on probation if s/he attains a cumulative average of 70 (GPA: 2.2) or more, but less than 80 (GPA: 3.2), or fails any course taken for graduate credit.
- A student placed on probation due to average must remove the probation by the end of the following regular term/term by attainment of a cumulative average of at least 80 (GPA: 3.2).
- A student placed on probation due to course failure should retake and pass the course the next time it is offered. In case this condition cannot be met, the student, in consultation with the advisor, must petition the faculty/school Graduate Studies Committee.

The department or program in which the student is enrolled may recommend probation to the Faculty Graduate Studies Committee even if the student has attained an adequate cumulative average. Probation of a PhD student may be removed by the Faculty Graduate Studies Committee.

Changes in probationary status of enrolled graduate students are queried at their respective Faculties/Schools Dean Offices within one week of the start of the term/term for consideration by the faculty/school. The faculty/school Graduate Studies Committee issues, through the Dean's Office, the statement of change of probation status to the graduate student with copies to the department chair, student advisor and Registrar.

Dismissal

The Faculty Graduate Studies Committee may dismiss a master's student, in consultation with the department/program, from graduate study if any of the following conditions arise:

- Probation status due to average is not removed in the term following the first probation, excluding students admitted on probation (see previous section on probation and removal of probation).
- The student receives probation for a second time during the degree residency.
- The student attains a cumulative average of less than 70 (GPA: 2.2) after completion of 9 credits or fails two courses in one term.
- The student attains a cumulative average of 70 (GPA: 2.2) or above but less than 80 (GPA: 3.2) in any term, and fails one course in that term (This rule does not apply to the first term of study).
- The work of the student is considered to be unsatisfactory in the opinion of the department or program, regardless of the grades obtained.
- The student fails the comprehensive examination twice or the thesis defense twice.

Requirements for the Master's Degree

In addition to satisfying the general requirements set in the preceding sections, students working toward a master's degree must fulfill the minimum requirements described below. Some programs may have additional credit requirements for completion of a master's degree.

The award of a master's degree indicates that a student attained a higher level of knowledge and expertise in a particular field of study. A master's thesis often serves as groundwork for future doctoral research.

Course Requirements

There are two types of master's degree programs, namely, thesis and non-thesis master's degrees. Some programs provide a choice of either a thesis or non-thesis option while others may only have one or the other.

- Students following the thesis option are required to complete a minimum of 30 credit hours, of which a minimum of 21 graduate credit hours should be in coursework and a minimum of 6 credit hours in thesis work. Normally, a maximum of 3 credit hours may be tutorial courses. Exceptions for individual students will require approval of the department chair and the faculty Graduate Studies Committee (project-based or course-based).
- Students following the non-thesis master's program are required to take a minimum of 30 graduate credit hours, 3 credits of which may be a project and should follow a course of study approved by the department/program and by the faculty Graduate Studies Committee.
- Students following the Master of Public Health (MPH) are required to complete a minimum of 42 credit hours.
- Students following the Master of Business Administration (MBA) program are required to take 6 credits of foundation courses (or to pass a related exemption test upon approval of the program director). In addition, they must complete a minimum of 42 credit hours, a minimum of 39 graduate credit hours in coursework and a minimum of

3 credit hours of MBA project.

- Students holding an MD degree or working on a combined MS-MD degree are required to complete at least 10 graduate course credits and a thesis, in addition to the MD degree requirements.

Students receive credit for graduate level courses only. Students with deficiencies in their undergraduate preparation may be required to take additional course credits as determined by the department/program concerned.

Language Requirements (other than English)

Individual departments and programs may set their own non-English language requirements. Examination procedures for these languages should be approved by the faculty Graduate Studies Committee.

Residence Requirements

To meet the minimum residence requirements for the master's degree, a student must register and be in residence as a graduate student for at least two terms, that is, either for one term and two summers or for four summers.

All requirements for the master's degree must be completed within a period of eight regular terms after admission to graduate study. Students attending only summer sessions must complete all requirements within a period of six summers after admission to graduate study. Extension beyond the maximum allowed period of study requires approval from the faculty Graduate Studies Committee.

Comprehensive Examination

All master's programs must require that the student register and pass a 0-credit comprehensive examination course. Comprehensive examinations often are written exams that are sometimes oral and sometimes both written and oral. They are usually taken after completing most of the course requirements for the degree. Timing of the examination is set by the department/program. The Pass (P) or Fail (F) is entered online or is reported to the Registrar immediately on the date the comprehensive examination is passed any time during the term.

In general, a comprehensive examination is a test that covers a broad base of material. The purpose of the examination is to assess the student's knowledge and capacities to earn a given graduate degree in the field of specialization. Depending on the degree program, it may test course knowledge, knowledge of the student's proposed research area, and/or general knowledge in the field. The Thesis Committee or department administers the comprehensive exam.

A student who does not pass the comprehensive examination may take it a second time in the following term. Students who are unable to pass a program's comprehensive exam twice are dropped from the graduate program. Students who pass the comprehensive exam after one failure will have their initial failure reported as "PR" for progress in the first term the course was registered, and the grade of "P" for passing the comprehensive exam will show on their transcript in the second term the course was registered.

This requirement is fulfilled by Master of Public Health students through PBHL 398 (Culminating Experience Seminar). It is also fulfilled by OSB students through a designated capstone course in each of the following programs: (1) For the MBA program, BUSS 349 (Advance Seminar in Strategic Management), (2) for the Master's in Human Resource Management program, MHRM 306 (Strategic Human Resource Management and Change Management), and (3) for the Master's in Finance Program, MFIN 304 (Financial Strategy).

Institutional Review Board (IRB)/ Animal Care Committee (ACC) Requirements

All students conducting human subject research or animal related research for master's theses or projects must obtain prior written Institutional Review Board and/or Animal Care Committee approval/confirmation or exemption, respectively.

Institutional Review Board (IRB)

The Institutional Review Board (IRB) is a committee formally designated under the Human Research Protection Program (HRPP) to carry out the task of reviewing and approving "Human Subject Research"¹ projects. IRB ensures that any particular project meets the ethical obligations and requirements to protect the rights, dignity, welfare and privacy of participating subjects.

Research that requires IRB review includes any research involving human subjects that:

- is conducted by AUB faculty, staff or students
- is performed on the premises of the university
- is performed with or involves the use of facilities or equipment belonging to the university

Listed below are the categories of review of research involving human subjects based on the risk assessment:

- Exempt review
- Expedited review
- Full Board review

Timeline schedules

- Exempt research studies take around 8 days to two weeks for review and approval.
- Expedited review requires approximately 4-6 weeks for review and approval.
- Full Committee review should be submitted at least 6 weeks prior to the IRB meeting date; review and approval by the IRB may require one or more months after initial IRB review at a convened meeting.

In addition, it is an institutional requirement that all students who plan to conduct research studies involving human subjects complete the designated web-based courses offered by the Collaborative Institutions Training Initiatives [CITI] Program.

Adherence to all institutional policies, rules and regulations of the HRPP/IRB is important during the conduct and participation in any research project involving human subjects, as any failure to comply (a) creates an increase in risks to subjects, (b) adversely affects the rights, welfare and safety of research subjects, and/or (c) adversely affects the integrity of the university's HRPP; this will jeopardize the conduct of the research project and/or may delay fulfillment of the requirements for graduation.

Official IRB website: www.aub.edu.lb/IRB

Twitter account: [@AUB_IRB](https://twitter.com/AUB_IRB)

1) Definition of human subject research: "research" is defined as "a systematic investigation, including research development, testing and evaluation, which is designed (in whole or in part) to develop or contribute to generalizable knowledge" & "Human subject" is defined as "a living individual about whom an investigator (whether professional or student) conducting research obtains (1) data through intervention or interaction with the individual, or (2) identifiable private information"

Supervision of Master's Thesis or Project

Thesis Proposal

When following a graduate program leading to the master's degree with thesis option, the student is expected to meet with faculty members in the department to discuss possible thesis topics and select a thesis advisor. Normally, the thesis advisor is from among the full-time professorial faculty of the department/program or from another department/program in the university. In interdisciplinary programs, the thesis advisor is from an appropriate program at the university.

The student is expected to select a research topic in consultation with the thesis advisor and prepare a thesis proposal by the end of the second regular term. The proposal must clearly state the problem addressed and the proposed contributions. The thesis proposal should also state the thesis objectives, scope of work with relevant literature, research methodology and expected results. A Thesis Committee is formed by the thesis advisor and the student in coordination with the chairperson/director of the unit according to the following conditions:

- Thesis Committee should normally consist of at least three members of professorial rank chaired by the thesis advisor.
- In case a co-advisor is also a member of the thesis committee, then the thesis committee should consist of at least four members of professorial rank chaired by the thesis advisor.
- In departments/programs, normally at least two members of professorial rank of the Thesis Committee must be members of the student's department. The remaining member(s) can be from other departments at AUB or from an institution other than AUB.
- In case the thesis advisor is from another department at AUB, the chairperson will consult with the chairperson of the department to which the thesis advisor belongs.
- In interdisciplinary programs, the members of the Thesis Committee should be drawn from full-time faculty members at AUB. Normally at least two members of professorial rank must be from the departments involved in the program.

The Thesis Committee must be approved by the chairperson/director of the student's department/program. The student must submit the thesis proposal to the committee and secure its approval. The committee members will evaluate the proposal in consultation with the thesis advisor.

The student will submit the thesis proposal with a completed Thesis Proposal Form as required by Faculty or Program (see website) to the chairperson of the department, signed by the thesis advisor and all the members of the Thesis Committee, with the proposed dates of the comprehensive examination, thesis defense, and courses taken so far. The student should indicate if the proposed research involves human subject research or animal related research and seek approval/confirmation or exemption of the Institutional Review Board and/or Animal Care Committee.

Once approved, the chairperson forwards the thesis proposal with the names of the Thesis Committee members to the faculty/school Graduate Studies Committee for its approval.

The faculty/school Graduate Studies Committee will then inform the chairperson of the proposal approval or lack thereof, and the chairperson will communicate the decision to the thesis advisor.

It is the student's responsibility, in coordination with the thesis advisor, to keep members of the Thesis Committee informed on the progress of her/his work and seek their input.

Continuous Thesis Registration

Once a student registers for her/his thesis, s/he pays a thesis fee that allows her/him to register up to three additional terms without paying. Although the additional registrations are paid for, the student must still register for the thesis on AUBsis each time. In addition, the student is expected to register consecutively without skipping any regular term. Not registering for the thesis without an approved Leave of Absence (hereafter referred to as an "unexcused absence") throughout subsequent terms will cause the student to forfeit the registration due her/him for each term of unexcused absence. Exceptions must be addressed through a petition for approval by the advisor, department chairperson, faculty/school Graduate Studies Committee, and the Graduate Council. The below table shows examples of how unexcused absences lead to payment for additional thesis registrations once the three additional terms are exhausted by registrations or unexcused absences.

Number of Absences ¹	1st Thesis term	3 Additional terms			Paying term 1
	Regular term 1	Regular term 2	Regular term 3	Regular term 4	Regular term 5
1	Pay & Register	Unexcused Absence	Register & No Payment	Register & No Payment	Pay & Register
2	Pay & Register	Unexcused Absence	Unexcused Absence	Register & No Payment	Pay & Register
3	Pay & Register	Unexcused Absence	Unexcused Absence	Unexcused Absence	Pay & Register

Thesis Format¹

An AUB-approved thesis manual is available on the university Libraries webpage. The manual provides the style guide for all theses prepared by AUB students, and application of its instructions is mandatory for all theses-dependent degrees. Theses not conforming to the publication style outlined in the thesis manual are not accepted by the university. Students are welcome to visit the Archives and Special Collections, Jafet Library, any time during the term.

For all matters not discussed in the Thesis Manual, theses must follow the form and style outlined in the latest edition of K.L. Turabian, *Manual for Writers of Term Papers, Theses, and Dissertations* (University of Chicago Press), or any other style specified by the department or program, provided the style conforms to the Thesis Manual.

Students graduating in the Summer term must be registered during that term (see section below on Thesis Defense). Students who carry out thesis work during the Summer term are expected to register for the thesis. Not registering during the Summer term after having started thesis work should only take place if the student will not be using AUB facilities/services for research and will not be receiving thesis advising during that term.

1) The number of absences can take place over all possible combinations of absences during regular terms 1, 2, and 3.

Thesis Defense

A student is not allowed to defend her/his thesis unless s/he has passed the comprehensive examination. In order to defend the thesis, the student must be registered for the thesis in the session in which the student expects to graduate.

The thesis defense is open to the public and must be carried out no later than the dates specified on page 66.

The final draft of the thesis shall be submitted to each member of the Thesis Committee at least two weeks before the date of the thesis defense. The thesis defense shall be announced at least two weeks in advance. The total time allocated for the thesis defense should allow for answering all questions and should not normally exceed 120 minutes.

The thesis defense session is normally chaired by the thesis advisor, and the student will be notified of the final decision by the Thesis Committee immediately after completion of the Thesis Committee deliberations.

Pass (P) or Fail (F) is reported for the combined thesis and thesis defense. If Fail (F) is reported, the student may resubmit the thesis and defend it after a period of at least three months. Failure on the second attempt results in discontinuation of the graduate work. If the thesis work involves human subject research or animal related research, the Thesis Committee must forward to the department chair a copy of the approval/confirmation or exemption letter of the Institutional Review Board and/or Animal Care Committee.

Project and Project Defense

In partial fulfillment of the requirements for the non-thesis master's degree, a student may be required to submit a project. Each student is then assigned an advisor who serves as the project advisor. The master's project topic proposal and selection of the advisor and project committee members should be approved by the Faculty Graduate Studies Committee.

The master's project committee should be composed of at least two members recommended by the department/program. The project topic proposal, selection of the advisor, and selection of project committee members should be approved by the faculty/school Graduate Committee at least four months before the project defense.

Students are expected to register and finish the project work within two consecutive regular terms at most. Registering for a project course beyond a second term requires approval of the faculty/school Graduate Studies Committee; this approval must be sought on a per-semester basis prior to registration.

If the project work involves human subject research or animal related research, the Project Committee must forward to the department chair a copy of the approval/confirmation or exemption letter of the Institutional Review Board and/or Animal Care Committee.

The project defense is open to the public and must be carried out no later than the dates specified in the table below.

Pass (P) or Fail (F) is reported for project defense. If Fail (F) is reported, the student may resubmit the project and defend it after a period of at least three months. Failure on the second attempt results in discontinuation of the graduate work.

Deposit of the Project/Thesis in the Library

After passing the project/thesis defense examination, the student is required to deposit copies of the thesis in the library: The Jafet Memorial Library requires one hard copy of the master's project/thesis from students at all faculties. The student should also provide the relevant library with a soft copy of the thesis saved as a PDF (Portable Document Format) file. A library receipt must be delivered to the Office of the Registrar before the student is awarded the degree. The Registrar shall ensure that all names of students recommended to the Senate for award of the master's degree in the thesis option have submitted their thesis copy to the library. The student should sign a release form indicating whether or not the library is authorized to supply copies of the thesis/project to other libraries or to individuals. The non-authorization option is valid for a period of three years only, after which copies of the project/thesis are supplied upon request.

For Master's Candidates Graduation in:	Summer 2021-22	Fall 2022-23	Spring 2022-23
Deadline for approval of thesis topic and committee ¹	May 9, 2022	September 19, 2022	December 12, 2022
Deadline for thesis defense ¹	September 5, 2022	January 26, 2023	April 28, 2023
Deadline for thesis deposit at library ¹	September 15, 2022	February 7, 2023	May 9, 2023

Master's Degree Graduation Requirements

To be eligible for graduation with a master's degree from the American University of Beirut, a graduate student:¹

- must have attained a cumulative course average of 80 (GPA: 3.2) or above,
- should not be on probation by the time the coursework is completed,
- must have completed the minimum credit hours of coursework designated by the specific program,
- must have passed the comprehensive exam,
- must have completed thesis requirements for the thesis option degrees,
- must have completed project requirements for the non-thesis option degrees,
- and must have met the residence requirements specified for the master's degree.

¹) The thesis proposal should be approved by the faculty/school Graduate Committee at least four months before the thesis defense. The above thesis deadlines are generally set according to the stated formula, however, they are subject to change due to administrative constraints.

Academic Standing of Student Working for PhD Degree

Good Standing

A PhD student is in good standing when her/his graduate grade cumulative average is 85 (GPA: 3.7) or higher. A student must be in good standing in order to be awarded a degree.

Probation and Removal of Probation

A student working for a PhD degree who has not yet advanced to candidacy can be placed on academic probation if s/he fails to make normal progress towards the degree.

The academic performance of the student is first evaluated by the department upon completion of the first 9 credits of coursework towards the degree and then is evaluated every term/term thereafter:

- A student is placed on probation if s/he attains a cumulative average of 75 (GPA: 2.7) or more, but less than 85 (GPA: 3.7), or fails any course taken for graduate credit.
- A student placed on probation due to average must remove the probation at the end of the following term/term by attainment of a cumulative average of at least 85 (GPA: 3.7).
- A student placed on probation due to course failure should retake the course the next time it is offered and pass it. In case this condition cannot be met, the student in consultation with the advisor must petition the faculty/school Graduate Studies Committee.

The department or program in which the student is enrolled may recommend probation to the Faculty Graduate Studies Committee even though the student has attained an adequate cumulative average. Probation of a PhD student may be removed by the Graduate Council upon recommendation from the Faculty Graduate Studies Committee.

Changes in probationary status of enrolled graduate students are queried at their respective Faculties/School Dean's Offices within one week of the start of the term/term for consideration by the faculty/school. The faculty/school Graduate Studies Committee issues through the Office of the Dean the statement of the change of probation status to the PhD student with copies to the department chair, student advisor and Registrar.

Dismissal

The Graduate Council, upon recommendation from the Faculty Graduate Studies Committee and the Chair of Department, may discontinue a PhD student from graduate study if any of the following conditions arise:

- Probation status is not removed in the term following the first probation
- The student receives probation for a second time during the degree residency
- The student attains a cumulative average of less than 75 (GPA: 2.7) or fails two courses in one term

- The student attains a cumulative average of 75 (GPA: 2.7) or above, but less than 85 (GPA: 3.7), in any term and fails one course in that term (This rule does not apply to the first term of study.)
- The work of the student is considered to be unsatisfactory in the opinion of the department or program, regardless of the grades obtained
- The student fails the Qualifying Examination Part I (Comprehensive Examination) or Part II (Thesis Proposal Defense) twice
- The student fails the thesis defense twice

Requirements for the Degree of Doctor of Philosophy

In addition to the particular rules of the various graduate programs as stated in their sections of this catalogue, the following general rules apply to all Doctor of Philosophy programs.

The award of a Doctor of Philosophy degree indicates that a student has attained mastery of a field and has demonstrated the capacity to perform independent scholarly research. The doctoral degree is not awarded solely upon completion of a curriculum of courses, even if the student has done superior work in it. Rather, it is awarded in recognition of creative scholarship as demonstrated by a substantial contribution in the candidate's chosen field.

Program of Study

Each doctorate student is expected to take such courses as may be required for both a strong foundation in the field and the development of a specialization.

Regular PhD Track Course Requirements for Students Holding Master Degrees

Each student, in consultation with her/his advisor, should finalize a program of study and submit it to the department within two terms of beginning study toward the PhD degree. The Graduate Council monitors the progress of the student through annual reports on course and thesis work by chairpersons of the department/program. The following are main features of this PhD track:

- It must include a minimum of 48 credit hours beyond those required for the master's degree of which a minimum of 18 credit hours must be in graduate level coursework and a minimum of 24 credit hours of thesis work. Normally, a maximum of 3 credit hours out of the 18 credits of coursework may be tutorial courses. Exceptions for individual students will require approval of the department chair and the Faculty Graduate Studies Committee.
- It will include a 0-credit comprehensive examination preparation course and a 0-credit thesis proposal preparation course.

Accelerated PhD Track Course Requirements for Students Holding Bachelor Degrees¹

Each student, in consultation with her/his advisor, should finalize a program of study and submit it to the department within two terms of beginning study toward the PhD degree. The Graduate Council monitors the progress of the student through annual reports on course and thesis work by chairpersons of the department/program. The following are main features of the accelerated PhD track:

- It must include a minimum of 78 credit hours beyond those required for the bachelor's degree of which a minimum of 36 credit hours must be in graduate level coursework and a minimum of 30 credit hours of thesis work. Normally, a maximum of 6 credit hours out of the 36 credits of coursework may be tutorial courses. Exceptions for individual students will require approval of the department chair and the Faculty Graduate Studies Committee.
- It will include a 0-credit comprehensive examination preparation course and a 0-credit thesis proposal preparation course.

Language Requirements (Other than English)

Depending on the research topic, the Thesis Committee and the department may require proficiency in one or more foreign languages. Examination procedures for these languages should be approved by the Faculty Graduate Studies Committee.

Residence Requirements

To fulfill the minimum residence requirements for the PhD degree, the student must register for at least six terms beyond the completion of the master's degree or eight terms for the accelerated track beyond the bachelor's degree. Requirements for the PhD degree must be completed within ten regular terms of starting graduate work beyond the master's degree or twelve regular terms for the accelerated track beyond the bachelor's degree. Extension requires Graduate Council approval upon recommendation by the Faculty Graduate Studies Committee.

Certificate in Teaching in Higher Education (C-THE)

The Certificate in Teaching in Higher Education (C-THE) provides training in teaching for PhD students at AUB. Starting in the fall term that follows their first term of enrollment, PhD students take two courses, one in the fall and one in the spring. A full description of C-THE and the courses can be found in the graduate catalogue section of the Department of Education.

PhD Qualifying Exam

All PhD programs require that PhD students pass the qualifying exam. The PhD qualifying exam is two parts. Qualifying Exam Part I is a written comprehensive exam administered by the department/program or Thesis Committee. The Qualifying Exam Part II is an oral thesis proposal defense exam administered by the Thesis Committee. Each of the qualifying exams consists of a 0-credit course that must be registered and given a grade of pass or fail by the end of the term. The successful completion of Qualifying Exam Part

¹) Students enrolled in the accelerated PhD track with a cumulative average of 80 (GPA: 3.2) or above are allowed to transfer to the MA/MS/ME degree program upon recommendation by the department and approval of the Faculty Graduate Studies Committee. The Graduate Council is then informed.

I is a prerequisite for Qualifying Exam Part II; the successful completion of Qualifying Exam Part II is a prerequisite for the Thesis Defense.

Qualifying Exam Part I: Comprehensive Exam

All PhD programs require that PhD students register and pass a 0-credit comprehensive examination course. Comprehensive examinations are written exams taken after completing a minimum of 15 credits of course requirements for the regular degree track and a minimum of 30 credits of course requirements for the accelerated degree track. The comprehensive exam should normally be taken by the fourth term of the PhD student's enrollment in the regular PhD program and by the sixth term of the PhD student's enrollment in the accelerated PhD track.

In general, a comprehensive examination provides assurance that all PhD candidates have acquired sufficient knowledge/background in their major field of study. For more details on the examination, the student should refer to her/his specific department/program requirements. The Thesis Committee or the department/program administers the comprehensive exam.

A student who does not pass the comprehensive exam may take it a second time in the following term. Students who are unable to pass a program's comprehensive exam twice are dropped from the PhD program. Students who pass the comprehensive exam after one failure will have their initial failure reported as "PR" for progress in the first term the course was registered, and the grade of "P" for passing the comprehensive exam will show on their transcript in the second term the course was registered.

Qualifying Exam Part II: Defense of Thesis Proposal

All students must successfully complete a qualifying examination defending their PhD thesis proposal. The second part of the qualifying exam (thesis proposal defense) is conducted by the student Thesis Committee. There should be at least one regular term in between the thesis proposal defense term and the thesis defense term. (More details on the policy regarding the defense of the thesis proposal are provided following the section on PhD Thesis Proposal.)

Admission to Candidacy

Students enter degree candidacy upon passing the qualifying exam (comprehensive exam and thesis proposal defense) and while in good standing. Students who are enrolled in degree candidacy are considered full-time students. While in degree candidacy, it is the responsibility of both the student and advisor to maintain contact to ensure continuous progress towards the completion of the degree.

For admission to candidacy, students are expected to:

- have completed all graduate coursework requirements beyond the master's degree in the regular PhD track,
- have completed all graduate coursework requirements beyond the bachelor's degree in the accelerated PhD track,
- have attained a cumulative average of at least 85 (GPA: 3.7) while in the regular or accelerated track doctoral programs,
- have completed other than English language requirements when applicable,
- have passed the first and second part of the qualifying exam (written comprehensive examination and thesis proposal defense) as set by the department,
- and be in good standing (not on probation).

Once a student is admitted to candidacy, enrollment in degree candidacy status must be continuously maintained for the academic year (i.e. fall and spring terms) until the degree is awarded. The only exception to this policy of continuous enrollment is if the Faculty Graduate Studies Committee and the Graduate Council have granted the student a formal leave of absence.

Supervision of Doctoral Thesis

During the first term of graduate study, the department or program assigns an academic advisor to the student. The advisor guides and helps the student plan a course of study. Not all credits need to be in courses offered by the department/program in which the student is enrolled, but all credits must be in courses that, in the judgment of the department/program, are relevant to the field in which the student is specializing.

Normally by the end of the second term, each student enrolled in a PhD program is assigned a thesis advisor who must be a full-time professorial rank faculty member. Normally, the thesis advisor is a full-time professorial rank faculty member of the department/program. In case the thesis advisor is from another department at AUB, the chairperson will consult with the chairperson of the department to which the thesis advisor belongs.

PhD students are expected to register for a thesis course during each term in which they are carrying out work contributing to their PhD thesis.

PhD Thesis Committee

The Thesis Committee normally should be composed of at least five members, two of whom should be from outside the university. The thesis advisor and at least three of the Thesis Committee members must be of professorial rank. All members of the Thesis Committee must hold a doctoral degree in a relevant field. The chair of the Thesis Committee must be a full professor who is not the PhD thesis advisor.

Members of the doctoral Thesis Committee are recommended by the student's thesis advisor and approved by the department, the Faculty Graduate Studies Committee and the Graduate Council.

The doctoral Thesis Committee approves the thesis topic and research plan, conducts the thesis proposal defense (Part II of the Qualifying Exam) and conducts the thesis defense. The thesis proposal in addition to the selection of the Thesis Committee and the committee's approval of the proposal submission should be approved by the faculty/school Graduate Studies Committee and the Graduate Council before the student can conduct the second part of the qualifying exam (thesis proposal defense). The Graduate Council informs the Registrar, Dean of the Faculty, Chair of the Department, and Advisor of the approval decision. The student, upon approval, can arrange for the thesis proposal defense date and time as applicable.

PhD Thesis Proposal

When following a graduate program leading to the PhD degree, the student is expected to meet with faculty members in the department to discuss thesis possible topics and select a thesis advisor. The thesis advisor is from among the full-time professorial faculty of the department/program or from another department/program at the university.

The student is expected to select a research topic in consultation with the thesis advisor and prepare a thesis proposal. The proposal should be prepared by the end of the fourth

regular term for a regular track student and by the end of the sixth regular term for an accelerated track student. The proposal must clearly summarize the thesis problem and the planned approach. The purpose of the thesis proposal is to inform the Thesis Committee members and the department, in concise statements, of the candidate's research plan. It should state the thesis objectives, scope of work with relevant literature, research methodology and expected results. The proposal must provide sufficient literature citations to indicate awareness of previous work and enough detail to show how the proposed work is expected to advance knowledge in the field.

The student must submit the thesis proposal to the Thesis Committee and get its preliminary approval to defend the proposal.

The student should indicate if the proposed research involves human subject research and/or animal related research and seek approval/confirmation or exemption of the Institutional Review Board and/or Animal Care Committee.

Qualifying Exam Part II: Defense of Thesis Proposal

All students must successfully complete a qualifying exam defending their PhD thesis proposal. The second part of the qualifying exam (thesis proposal defense) is to be taken at least two terms prior to the thesis defense and is conducted by the student's Thesis Committee. The student is expected to demonstrate the intellectual capacity to pursue and complete independent research that advances knowledge in the field of study. The student should register in the 0-credit course preparation for thesis proposal or equivalent as recommended by the relevant program during the term in which s/he intends to take the thesis proposal defense.

Passing the thesis proposal defense requires that the research topic is of PhD standard, original, clear in its contribution to existing knowledge and contains appropriate methodology. The student who fails the thesis proposal defense (Part II of Qualifying Exam) should repeat it in a subsequent regular term after addressing the comments of the Thesis Committee compiled by the Thesis Committee chair in the examination report.

The chair of the doctoral Thesis Committee, upon satisfactory completion of the proposal defense, will send to the department chair her/his assessment (Pass or Fail) of the 0-credit course "Qualifying Exam Part II" along with a copy of the exam form, signed by all members of the committee. The chair will enter the P/F grade on the SIS.

Institutional Review Board (IRB)/ Animal Care Committee (ACC) Requirements

All students conducting human subject research or animal related research for PhD theses must obtain prior written Institutional Review Board and/or Animal Care Committee approval/confirmation or exemption, respectively, before admission to candidacy.

PhD Thesis Format

In partial fulfillment of the requirements for the degree of Doctor of Philosophy, a student must submit a thesis based on the results of original, independent research. Except in departments/programs in which the medium of instruction is not English, the thesis must be in English.

An abstract not exceeding 350 words must be submitted with the thesis. If a thesis is in a language other than English, the abstract must be written both in the thesis language and in English.

An AUB-approved thesis manual is available on the university Libraries webpage. The manual provides the style guide for all theses prepared by AUB students, and application of its instructions is mandatory for all PhD degrees. Theses not conforming to the publication style outlined in the thesis manual are not accepted by the university. Students are welcome to visit the Archives and Special Collections at Jafet Library any time during the term.

For all matters not discussed in the Thesis Manual, theses must follow the form and style outlined in the latest edition of K.L. Turabian, *Manual for Writers of Term Papers, Theses and Dissertations* (University of Chicago Press), or any other style specified by the department or program, provided the style conforms to the Thesis Manual.

Copies of the thesis should be submitted by the student to the Thesis Committee members at least two weeks before the thesis defense. Copies must be legible and durable. Additional copies may be required as specified by the department or program concerned.

PhD Thesis Defense

The thesis/project defense is open to the public and must be carried out no later than the dates specified on page 73. In order to defend the thesis, the student must be registered for the thesis in the session in which the student expects to graduate.

Final doctoral thesis defense will be announced to the university community so that interested members from the faculty and student body may attend. The date, time and location for the defense must be sent to the Graduate Council at least two weeks in advance. A copy of the thesis abstract must accompany the defense announcement.

Pass (P) or Fail (F) is reported for the combined thesis and thesis defense. Successful completion of the thesis defense requires at least four affirmative votes and no more than one negative vote. If Fail (F) is reported, the student may resubmit the thesis and defend it after a period of at least four months. Failure on the second attempt results in discontinuation of the PhD work.

If the thesis work involves human subject research and/or animal related research, the Thesis Committee must forward to the department chair a copy of the approval/confirmation or exemption letter of the Institutional Review Board and/or Animal Care Committee.

Deposit of the Thesis in the Library

After passing the thesis defense examination, the student is required to deposit copies of the thesis in the library: The Jafet Memorial Library requires one copy of the doctoral thesis from students at the Maroun Semaan Faculty of Engineering and Architecture, and the Faculty of Arts and Sciences. The student should also provide the library with a soft copy of the thesis saved as one PDF (Portable Document Format) file. A library receipt must be delivered to the Office of the Registrar before the student is awarded the degree. The Registrar shall ensure that all names of students recommended to the senate for award of the PhD have submitted their PhD thesis copy to the library. The student should sign a release form indicating whether or not the library is authorized to supply copies of the thesis to other libraries or individuals. The non-authorization option is valid for a period of three years only, after which copies of the thesis are supplied upon request.

For PhD Candidates Graduation in:	Summer 2021-22	Fall 2022-23	Spring 2022-23
Deadline for approval of thesis topic and committee	Administrative approval via petition should be finalized prior to thesis proposal defense		
Deadline for thesis proposal defense (Passing of course – Qualifying Exam II: Defense of Thesis Proposal)	End of Fall 2021-22	End of Fall 2021-22	End of Summer 2021-22
Deadline for thesis defense	September 5, 2022	January 26, 2023	April 28, 2023
Deadline for thesis deposit at library	September 15, 2022	February 7, 2023	May 11, 2023

PhD Degree Graduation Requirements

A student can graduate at the end of any academic term provided s/he has satisfied the following requirements:

- Attained a minimum cumulative course average of 85 (GPA: 3.7), excluding courses taken prior to admission into the program.
- Passed the Doctoral Qualifying Exam Parts I and II (comprehensive and thesis proposal defense examinations) as set by the department.
- Met program-specific requirements for publication of thesis work by the time of graduation. Refer to the catalogue section pertaining to the program. The minimum requirement is two publications according to one of the following options: (1) in two internationally refereed journals, (2) in two international conferences, or (3) in one internationally refereed journal and one international conference. Program specific requirements may be more stringent.
- Successfully completed the Certificate in Teaching in Higher Education (C-THE) program¹.
- Successfully defended a thesis of original scholarly work
- Met the residence requirements and all pertinent AUB regulations

Requirements for the Graduate Diplomas

Graduate diploma programs, regardless of type (academic or professional), require a minimum of 12 and a maximum of 18 course credits. Some programs may allow three course credits in undergraduate courses. Graduate academic diplomas can include courses from existing graduate degree programs.

Graduate Diploma Graduation Requirements

To be eligible for graduation with a graduate academic diploma, the student must have attained a cumulative course average of 80 (GPA: 3.2) or above and must have

¹) This requirement applies to students who join the PhD programs at AUB after the AY 2020-21 (inclusive). Students should start C-THE in the fall term that follows their first term of enrollment.

completed the minimum credit hours of coursework designated by the specific diploma with a course passing grade of 70/100 (C+).

To be eligible for graduation with a graduate professional diploma, the student must have completed the minimum credit hours of coursework designated by the specific diploma with a course passing grade of 70/100 (C+).

A student who receives a graduate diploma that satisfies the requirement of at least 240 lecture hours in total, in at least six courses, will be granted an associate alumnus status.

Graduate diploma programs will follow the same maximum residence requirements as for master's degree programs.

Disclosure of Student Records

Information about notification of rights under FERPA can be found on the following link: <http://www.aub.edu.lb/Registrar/Documents/ferpa.pdf>

Graduation

Requirements

Students are strongly advised to prepare their registration schedules with their advisors to ensure graduation requirements are fulfilled. Failure to do so may mean that a student has to spend an additional term or more to complete graduation requirements.

Commencement Exercises

Commencement exercises are held at the end of the academic year. Students who graduate in October or February may participate in the commencement exercises. Graduates of October or graduates of February who wish to participate in the June commencement exercises should notify the Office of the Registrar of their intention by completing Form CE1 and submitting it to the Office of the Registrar.

Students who graduate in June have places reserved for them in the June commencement exercises. June graduates who opt not to participate in the commencement exercises should complete Form CE2 and submit it to the Office of the Registrar. June graduates who do not receive their degrees during the commencement exercises and who have submitted Form CE2 within the above-indicated deadline can receive their diplomas at the Office of the Registrar at a date subsequent to commencement.

Names on Diplomas and Degrees

Names on diplomas and degrees are spelled exactly as they appear on passports or identity cards. According to the Lebanese Ministry of Education, names of Lebanese students should include first name, father's name and family name. Names on AUB diplomas and degrees appear both in Arabic and English. If a name on a passport or an identity card does not appear in both languages, then the name that does not appear in one language will be spelled on AUB diplomas and degrees according to the personal preference of the student.

Recognition of AUB Degrees by the Lebanese Ministry of Education

The Lebanese Ministry of Education recognizes all degrees awarded by the American University of Beirut provided students are admitted on the basis of the Lebanese Baccalaureate, or its equivalent, as determined by the Lebanese Ministry of Education.

BA, BS, BBA	<i>License</i>
BA or BS, plus the teaching diploma, and on condition that the term credit hours earned at the sophomore class level and above add up to no less than 111	<i>License d'Enseignement</i>
MA, MS, MBA	<i>Diplômes d'Etudes Supérieures</i>
PhD	<i>Doctorat</i>

The Ministry of Education also recognizes degrees in medicine, engineering and architecture, and agriculture as equivalent to the corresponding degrees awarded or recognized by the Lebanese University.

It is the responsibility of students to ensure the degrees they receive from AUB are duly evaluated by their respective governments.

Medical Record

An entrance medical record form is sent to all admitted students who have committed to enroll at AUB. It is to be completed by the student's family physician and mailed as soon as possible, before the period of registration, in the pre-addressed envelope provided by AUB. Alternatively, the completed medical record form can be delivered by hand to the Office of Admissions.

All new students must have a tuberculin test at the time of the preliminary medical check held during registration and must report 48 hours later for a check on the test. Upon clearing the medical test, the student is issued a clearance slip to proceed with registration. Students are not registered unless they obtain this clearance slip. Students who report late for the medical check are charged a late fee.

Medical checks may be completed in advance of registration provided that the student reports to the university Health Services on campus, and brings the letter of acceptance and entrance medical record to Rita Doudakian from Family Medicine, ext. 3015.

Returning students are not required to complete any medical forms. Important changes in the student's medical condition and/or updating immunizations should be reported to a university physician by appointment at the Health Services Center early in the first term. Information is kept confidential.

National Social Security Fund (NSSF) Medical Branch

Membership in the NSSF is mandatory by law for all Lebanese students excluding freshman, non-degree graduate students, and students who are older than 30 years. Non-Lebanese students may not join.

To facilitate enrollment in the NSSF Medical Branch, students are urged to bring the following items when registering:

- A social security application form filled in correctly. Copies of this form will be available for distribution at the time of registration to students who have not yet completed it.
- A photocopy of their Lebanese identity card
- Their NSSF number if already registered
- The NSSF number of their parent if insured with the NSSF through father or mother
- Family record, if student is married

Health Insurance Plan (HIP)

The Health Insurance Plan (HIP) provides medical and hospital coverage to the AUB community, namely academic and non-academic staff, retirees, students, and IC staff and their families.

- Second-class health care coverage is mandatory for all students during their years of study at AUB. Therefore, a new or continuing student registered for at least 6 credit hours is automatically enrolled under the Health Insurance Plan (HIP). However, a student may be exempted from enrolling in HIP if s/he presents proof that s/he is covered by another healthcare insurance provider.
- HIP members are required to exclusively use the medical services of the AUB Medical Center (AUBMC). HIP coverage of students is limited to medical care inside Lebanon only.
- A 'student' is defined as a person registered for a course of study at the university, whether working or not working towards a degree, on a full-time or part-time basis. Auditors are not considered students.
- Graduate students registered for a thesis are eligible to continue HIP coverage for a period of two consecutive years only.
- Students who register at the beginning of the first term are covered by HIP for twelve months, provided they do not graduate, withdraw, or become suspended and/or dropped from the university. HIP fee charges per term are announced each year by the AUB Benefits Coordinator's office.
- Students who register at the beginning of the second term are covered until September 30 of the same year, provided they do not graduate, withdraw, or are not suspended and/or dropped from the university.
- Students who register at the beginning of the summer session are covered until September 30 of the same year. Student coverage during the summer is strictly limited to use of the AUB Medical Center (AUBMC) services.
- In case of emergency during the fall and spring terms only, if students are not on campus or within the vicinity of the AUB Medical Center, students can report to the nearest medical service provider and get the needed care. Reimbursement of the bill cannot exceed 80 percent of AUBMC rates.

- Eligible married students may enroll their spouse and children, who are living with them in Lebanon, at the regular second-class rate as long as they remain duly registered at the university and are HIP members.
- Unlike other HIP members, students are not charged co-payment or cost sharing applied by the plan to outpatient services.

These guidelines are meant to be a mere summary of provisions of the plan and are provided solely as a matter of convenience; they in no way define or limit the scope or intent of any provision of the plan.

Passports and Visas

Foreign students joining AUB must have passports valid for a period of no less than 13 months from the date of joining the university. They should also secure an entry visa to Lebanon from the nearest Lebanese embassy or consulate in their country in coordination with the Personnel Office, Office of Admissions and Office of the Registrar.

Payment of Fees

All students must finalize registration, including payment of tuition and other charges, by the announced deadlines. For full instructions on payment of fees, see the Tuition Fees section on page 81.

Study Abroad for Graduate AUB Students

AUB graduate students may choose to study abroad for up to one year in an approved program of study, without losing their status at AUB. They may apply for an established program at a university that has an exchange agreement with AUB, or they may initiate their own proposal in coordination with their thesis and program advisor for study abroad at a university of their choice that is recognized by AUB. In both cases, an application and approval of the Faculty are required.

PhD students are encouraged to spend some time at an overseas partner university to pursue their chosen research topic in coordination with their research advisor at AUB and a faculty co-advisor available at the host university. The exposure of PhD students to an alternative educational system is essential to the forming of well-rounded PhD graduates. The opportunity of studying abroad will open up a range of specialized courses that students may select to fulfill their graduate credits requirements.

In both cases, an application and approval of the faculty are required. More information regarding study abroad options and procedures is available from the Office of International Programs and at the following link: <http://www.aub.edu.lb/oip>.

Financial Aid

AUB offers financial aid to qualified students in the form of need-based financial aid grants and merit scholarships. In 2019-20 the university awarded \$39.4 million in need-based grants and merit scholarships. Student work-study and graduate assistantships are also offered through the student affairs office and the graduate council respectively. Around \$8.5 million additional funds for graduate assistantships and student employment.

Financial need is a necessary condition for a financial aid grant. Need is assessed for each student, yearly, on the basis of factors such as family income, number of siblings enrolled in school/university, assets such as home(s), car(s), and other property, and major changes in financial status. Assessments are made by the Interfaculty Committee for Financial Aid using an application for financial aid completed by a student and his/her family before the required deadline.

Need-Based Financial Aid Grants

Grants are outright awards of assistance, mainly for undergraduate and medical students, based on demonstrated need. Other graduate students may receive such grants, if eligible, in small amounts to cover a small part of the tuition. Selection is based solely on need. New students applying for the academic year 2021-22 must complete and submit the application with all required supporting documents by January 15, 2021. The online financial aid deadline for enrolled students applying for financial aid for the first time is December 19, 2019. Awards are announced for complete applications only and the grants are valid for the normal period of study as long as the student remains in good academic standing.

Merit Scholarships

AUB supports academically talented students through various merit scholarship programs.

The **AUB Yearly Merit Scholarship** program enables the university to award full-tuition scholarships each year to ten new undergraduates with outstanding academic qualifications. No financial aid application is required. Awards are renewable for each undergraduate year provided that the student maintains a minimum cumulative 85% average.

Through the **Early Admission Merit Scholarship** program, new early admitted applicants to the sophomore level will receive a 30% merit scholarship.

The **Lebanese Baccalaureate Scholarship** program, in cooperation with the National Council for Scientific Research (NCSR), allows the best five students in each of the four sections of the Lebanese Baccalaureate to be granted a full-tuition scholarship.

The **Liberal Arts Scholarship** program promotes liberal arts education in Lebanon and the MENA region, with a vision that emphasizes the importance of undergraduate studies in humanities and social sciences, namely in the following programs: *Arabic Language and Literature; Archaeology; Art History; Education/Elementary; English Language; English Literature; History; Philosophy; Sociology-Anthropology; and Studio Arts*. Interested candidates should complete both an admissions and a financial aid application indicating only one chosen field of study. Entering freshmen students are not eligible for this scholarship, however they can apply after they successfully complete their freshman year. Awardees will receive 70% of the tuition fees throughout their undergraduate education at AUB, provided they remain in good academic standing.

Governmental Student Aid for North American Students

U.S. Federal Student Loans

Student loans are available for American students pursuing their studies at AUB. These low-interest loans are offered by the U.S. Treasury in the form of Direct Stafford and PLUS loans. Applications are submitted yearly online at www.fafsa.ed.gov. Students who are American citizens or permanent residents, enrolled at AUB in a regular degree program, and maintaining a satisfactory academic progress are eligible for such loans.

The need of eligible students is assessed by the Loan Unit in the Financial Aid Office based on established criteria by the U.S. Federal Student Aid program. Students will have to repay these loans after graduation over a period of ten years following a six months grace period.

AUB and AUB's Office of Financial Aid have developed a portal for obtaining consumer information about the university and its offered federal loans. This data can be used as a resource to identify important university information in various areas including academic programs, admissions and financial aid, student outcome, and health and safety policies and procedures.

The consumer information portal is found at www.aub.edu.lb/faid/Pages/Consumer-Information.aspx

Canadian Grants and Loans

The Government of Canada offers student grants and loans to eligible Canadian students enrolled at AUB. Grants and loans help students pay for their post-secondary education.

Students can go to the student grants and loans of service of their province to find out if they're eligible for student grants and loans, to know how much they could receive, and to apply for the student grants and/or optional loans in one application.

Provinces and territories may cover one or more of the following: tuition, books, equipment and supplies, mandatory student fees, and living expenses.

A list of provincial and territorial student aid offices with links are found at <https://www.canada.ca/en/services/benefits/education/student-aid/grants-loans/province-apply.html>.

Fees and Expenses

The American University of Beirut is a non-profit institution. Costs to students in tuition and other university fees are kept at a minimum, consistent with the provision of high quality instruction and adequate facilities and equipment. The university reserves the right to change any or all fees at any time without prior notice. Such changes are applicable to students currently registered at the university as well as to new students.

Students are not permitted to enter classes at the beginning of the term until their fees are paid or special arrangements have been made with the Office of the Comptroller (see below).

Payment of Fees

- Each AUB student must pay all her/his tuition and other university fees.
- Statements of fees are available on the AUB website.
- All students must complete registration and the payment of tuition fees and other charges according to the academic calendar on page 15 for the first and second terms. Under special circumstances, late payment is permitted during a period of no more than five working days after the announced deadline and is subject to a late payment fee of \$100.
- Checks must be issued to the order of the bank concerned using the following format: Pay to the order of (Name of Bank)—Account AUB.
- Students with zero or credit balances must inform the Office of the Comptroller—Students Section via email at compt_sas@aub.edu.lb— to finalize their registration.
- Sponsored students, staff dependents, graduate assistants, and student staff members should contact the Office of the Comptroller—Students Accounts Section— before the payment deadline in order to finalize their registration.
- Students who demonstrate financial need must formally apply to the Office of the Comptroller for deferred payment arrangements for tuition fees according to the academic calendar on page 15 for the first and second terms. Applications for deferrals are not accepted thereafter. Deferred payments are not a right and are only agreed to under specific and special circumstances. Students who arrange for deferred payments are still required to complete all registration formalities within the set deadlines. Deferred payment arrangements are not permitted for the summer session in any faculty.
- Applications for deferred payment arrangements are reviewed by the Office of the Comptroller, which is responsible for administering all deferred payment arrangements.
- All students who apply for deferred payment arrangements must pay at least 50 percent of the net amount of tuition due. All other charges must be paid in full with no deferrals. A student must pay a deferred payment application fee of \$33, whether the application is approved or not. Should the student's application be approved, the student must pay the balance of tuition, the deferred application fee of \$33, and an interest of 1 percent per month on the deferred amount. All payment must be concluded by the announced deadlines.
- Every student granted deferred payment arrangements must sign a statement indicating agreement that failure to complete payment by the set deadline will result in receiving no credit for the term in which the student has defaulted on payment.

- Due dates are not extended nor are late payment fees waived for any reason.
- Students are expected to meet all financial obligations to the university by the appropriate due date. For any student who fails to promptly meet her/his financial obligations, the university reserves the right to place an encumbrance on the student's record that prevents registration for future terms and the release of transcripts and diplomas, and also prevents access to other university services. It is each student's responsibility to be informed of all registration and fee payment dates and deadlines.

Up-to-date schedules for registration and payment of fees are available through the Office of the Registrar. This information, as well as the tuition fee tables, is also on the following website:

www.aub.edu.lb/comptroller/Documents/doc/Tuition%20Fees%2009-2010.pdf

Office of the Registrar

American University of Beirut

PO Box 11-0236

Riad El Solh 1107 2020

Beirut, Lebanon

Withdrawals

In the event a student withdraws for justifiable reasons after registration, fees are refunded according to the following schedule for the fall and spring terms:

- | | |
|--|--|
| • Before the official start of classes | 100% of full tuition and other fees ¹ |
| • During the first week of classes | 75% of tuition |
| • During the second week of classes | 50% of tuition |
| • During the third week of classes | 25% of tuition |

The following schedule is applied in refunding fees for the summer session:

- | | |
|--|-------------------------------------|
| • Before the official start of classes | 100% of full tuition and other fees |
| • During the first week of classes | 75% of tuition |
| • During the second week of classes | 25% of tuition |

For additional information, contact:

Office of the Comptroller–Student Accounts Section

During Winter Session and in the event a student withdraws for justifiable reasons after registration, fees are refunded according to the following schedule:

During the first two days of the Winter Session: 50% refund

¹) Other charges include health insurance plan, internet fee, social activity fee, and NSSF

Office of International Programs

The Office of International Programs (OIP) promotes internationalization and diversity at AUB by initiating, developing and administering institutional partnerships that foster both incoming and outgoing student, faculty and staff mobility. Through its Study Abroad Program, OIP promotes exchange opportunities and advises AUB students, faculty and staff wishing to pursue international academic experiences that are academically challenging, professionally relevant and personally engaging. OIP supports all international students at AUB, enabling them to integrate into the community and enjoy a rich academic and cultural experience.

The Office of International Programs is located in West Hall, 3rd floor, Rooms 320, 322, 324.

Telephone: +961-1-374374 ext.3147, 3146.

Email: oip@aub.edu.lb

Website: www.aub.edu.lb/oip

International Student Services

The Office of International Programs provides support to all international students studying at AUB by providing the following services:

- Pre-arrival advice and visa assistance (following admission to AUB)
- On-site orientation, mentoring and intercultural activities
- Explanation of processes and procedures on campus
- Assistance in obtaining student residence permits
- Forums (both electronic and in-person) for interaction with other AUB student populations
- For international degree-seekers, advice on studying abroad as part of their AUB degree

Visas and Residence Permits

International students joining AUB who do not hold a Lebanese passport or Lebanese identity card must have their foreign passports valid for a period of no less than 13 months from the date of joining the university. All such students should also check with the nearest Lebanese Embassy or consulate in their country as to whether they require an entry visa in order to legally enter Lebanon or are eligible to obtain an entry visa at the airport. The OIP may assist students in securing their visas to Lebanon. Students who wish to benefit from OIP visa assistance must indicate this in their Confirmation Letters upon acceptance. Further information can be found on the OIP website.

Once registered at AUB, all students who do not hold Lebanese passports, and wish to stay for longer than the duration of their visas, are required to obtain a residence permit before the expiration of the entry visa stamped in their passports. Students must apply for this permit within one month of arrival in Beirut and ONLY after registering and paying AUB tuition fees.

The Office of International Programs, in coordination with the Office of the Registrar, helps provide the necessary certificates for registered non-Lebanese students to acquire residence permits from the Lebanese authorities. Information about obtaining a residence permit is distributed during International Student Welcome Week at the beginning of each term and may be obtained in our offices located in West Hall, Room 322, as well as on the OIP website.

Study Abroad and Student Exchange

AUB facilitates several study abroad and exchange programs including Erasmus+ for undergraduate and graduate students. AUB's growing number of international partner institutions include but are not limited to:

- Aarhus University, Denmark
- American University in Cairo, Egypt
- American University of Paris, France
- American University, USA
- Amherst College, USA
- Bogazici University, Turkey
- Boston College, USA
- Boston University, USA
- Danish School of Media & Journalism, Denmark
- Ecole Polytechnique, France
- Ecole Supérieure des Sciences Commerciales d'Angers, France
- Freie Universität Berlin, Germany
- Hanyang University, South Korea
- HEC Montreal, Canada
- Institut d'Etudes Politiques de Paris (Sciences Po), France
- IE University, Spain
- John Cabot University, Italy
- Koç University, Turkey
- Luigi Bocconi University, Italy
- Lund University, Sweden
- NEOMA Business School, France
- New York University – Stern School of Business, USA
- Pitzer College, USA
- Politecnico Di Torino, Italy
- Pompeu Fabra University, Spain
- Radboud University, Netherlands
- Reed College, USA
- Shenyang Institute of Automation, China
- Södertörn University, Sweden
- Stanford University International Honors Program, USA
- Temple University, USA
- The Nagoya University of Commerce and Business, Japan

- The University of Newcastle, Australia
- The University of Sydney, Australia
- Trinity College Dublin, Ireland
- Universidad Carlos III de Madrid, Spain
- Universidad del Norte, Columbia
- Università Cattolica Del Sacro Cuore, Italy
- Université de Genève, Switzerland
- University College Dublin, Ireland
- University College London, UK
- University of California, Berkeley, USA
- University of Montreal, Canada
- University of Pavia, Italy
- University of Pennsylvania, USA
- University of South-Eastern Norway, Norway
- University of Toronto, Canada
- University of Zurich, Switzerland
- Uppsala University, Sweden
- Zurich University of Applied Sciences, Switzerland

AUB has Erasmus+ inter-institutional credit mobility agreements with University of Leoben in Austria, Aarhus University, Danish School of Media & Journalism, and University of Copenhagen in Denmark, Institut d'Etudes Politiques de Paris (Sciences Po) in France, Freie Universität Berlin in Germany, Athens University of Economics and Business, in Greece, Iceland Academy of the Arts, Politecnico Di Torino, University of Bologna, and University of Camerino in Italy, Amsterdam University of Applied sciences in Netherlands, University of Oslo in Norway, University of Granada in Spain, Lund University and Uppsala University in Sweden, Istanbul Sehir University and Koc University in Turkey.

Undergraduate students are required to complete at least 24 credits at AUB before beginning a period of study abroad, while graduate students are required to complete at least 6 credits at AUB before studying abroad; additional academic policies and procedures also apply. For a complete list of exchange and other study abroad options at AUB, or to review the guidelines for study abroad, visit www.aub.edu.lb/oip or Room 320 in West Hall.

OIP Resources for Faculty

The Office of International Programs provides information for faculty on international standards of practice for credit transfer and grade transfer upon request. In addition, OIP maintains a current listing of institutions/consortia/universities with which AUB maintains formal institutional agreements for purposes of student, staff and faculty mobility. Please note that exchange agreements cannot be put into effect at AUB without the approval of the Provost. Guidelines for setting up new international academic exchange agreements and other institutional relationships are available by request from the Director.
