Starting a Student Club/Society (student organization)

Before you consider applying to start a new student organization, that is club or society, check the AUB website to see if there is already an organization on campus that is doing what you are trying to start. If you feel that none of the organizations in the existing list match you may start a new one.

General Guidelines for starting a new student organization:

1. This completed form along with a six-slide power point presentation must be sent by email to std-act@aub.edu.lb for study and approval. Please note that submissions and requests will be applicable the following semester.
2. The power point presentation should cover the following points:
 - a. Purpose for starting the organization stating why it is unique
 - b. List types of activities planned for the upcoming semester directly related to the mission of the organization
 - c. Challenge: Try to implement the 3 Ws and 1 How in your presentation
3. The cabinet members running the organization must be full time registered students of good academic standing.
4. The adviser must be a full time AUB professor.
5. The list of 40 members showing interest in the club and of 25 members in the society must be current full time registered students.
6. The student organization must abide by university policies and club/society bylaws.
7. The cabinet members are expected to be fully aware of the policies, bylaws, and process to follow and will be directly accountable for any violation.
8. The decision on the submission will be communicated through email.
