

CAMPAIGN UPDATES

April 20, 2022

Dear AUB Community,

As per our recent emails, we would like to remind our faculty, staff, and students of the importance of obtaining the **booster shot** (at least 4 months after the second shot).

The AUBe Vaccinated Campaign has resumed providing **Pfizer BioNTech Vaccine booster shots (third dose) as well as primary series (first and second dose)** for anyone aged **12 years and above**, through **walk-in** (ID, passport, or driving license is required).

The AUBMC Immunization Center is open from **8:00 am until 2:00 pm, Monday to Friday (if not an official holiday)**.

Even if you had recently contracted COVID-19, you can get the booster when you recover from the acute illness (if symptoms were present) and [criteria](#) to discontinue isolation have been met.

For those who received their booster shot, please send your updated vaccination certificate to vaxwg@aub.edu.lb.

Stay safe,

Vaccination Working Group
