

E-COURSE ON CHILD PROTECTION CASE MANAGEMENT (Arabic & English versions)

Project Description

FHS - CPHP is developing an e-course on child protection case management that targets social workers working in a diversity of Social Service Centers at Ministry of Social Affairs across Lebanon. The E-course also targets front liners working with children.

The E-course is divided into 8 Modules that cover the following themes:

Module 1: Review of Child Rights: National and International

Module 2: Child Rights Protection and Procedures in Lebanon

Module 3: Guiding Principles for Child Protection and Gender Based Violence

Module 4: Sign and Risk Identification

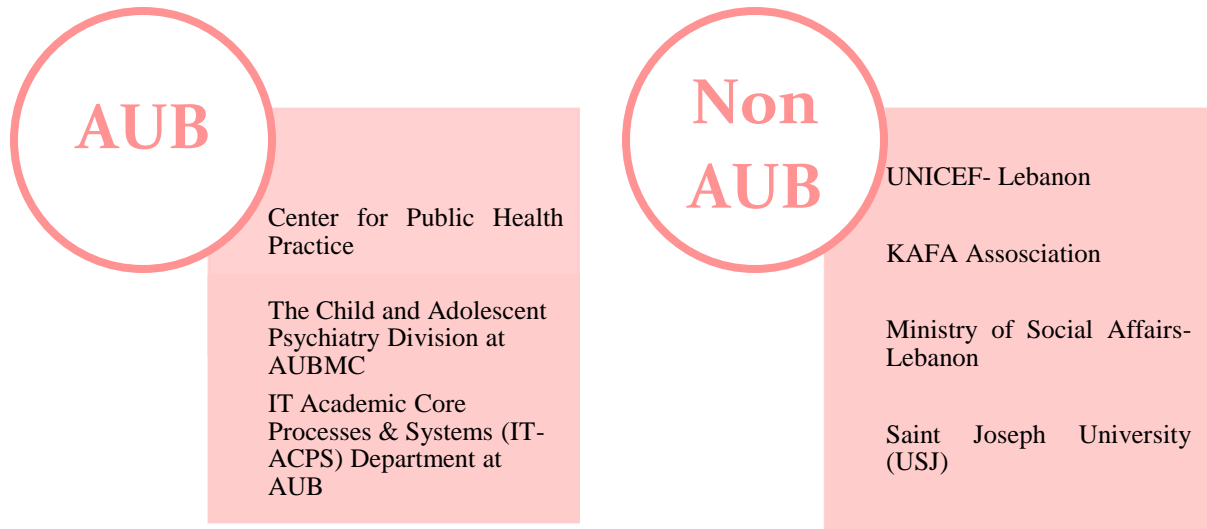

Module 5: Dealing with Disclosure of Children Survivors of Sexual Violence

Module 6: Case Management Process and Scope

Module 7: Interviewing and Communication Skills

Module 8: Self-care

1. Partners

2. Beneficiaries

- **Primary audience :** Social workers at Social Service Centers at Ministry of Social Affairs
- **Other audience:** Front-liners who work with children

3. Timeframe

- The project's implementation is over six months

4. Summary of progress made so far

- Modules have been finalized in Arabic
- Modules are being translated into English
- Modules are being transformed into an E self-learning course with activities, exercises, tests, etc.....

Upcoming activities

- Finalization of all modules as an E learning self - paced course (Arabic & English)
- Testing of the E-course with the users
- Focus Group Discussions with the users to refine the modules

5. Project manager

- Ms. Joumana Kalot (Project Manager)
- Ms. Nour Rahhal (Project Coordinator)

News: FHS CPHP is developing an e-course on child protection case management that targets social workers working in a diversity of Social Service Centers at Ministry of Social Affairs across Lebanon. The E-course also targets front liners working with children.

The E-course will be developed in Arabic & English
