

SALUTE TO THE  
KINGDOM OF SAUDI ARABIA

*The Editorial Executive Board of the Middle East Journal of Anesthesiology is proud to present its eighteenth Regional Issue, the sixth contributed by colleagues in the Kingdom of Saudi Arabia.*

*Now, early in the 21<sup>st</sup> century, a great leap in development of anesthesia has been witnessed in the Kingdom of Saudi Arabia over the past 40 years or so. It is only by passion, vision and strife to fulfillment that such strides in development are accomplished.*

*We hail all pioneers and colleagues in the Kingdom of Saudi Arabia who incessantly toil to attain this never ending perfection.*
