

FRRP AWARDS

The FRRP and the Office of Clinical and Translational Research at the Faculty of Medicine at AUBMC organized their third Clinical Research Open House on Friday June 3, 2016 showcasing 62 graduating residents from 13 different departments who presented their research work.

The event was successful in recognizing the residents' efforts by providing them with the opportunity to elaborate on the results of their collaborative research conducted under the supervision of faculty advisors.

An awards ceremony was held and prizes were awarded to the 3rd group of graduating residents who participated in the Fellowship and Residency Research Program (FRRP) as follows:
