

Nursing Advancement Program (NAP)

The Nursing Advancement Program (NAP) in Clinical Research aims to train registered nurses at AUBMC in clinical research methods with the ultimate aims of:

- Supporting nurses in advancing their clinical research knowledge and skills
- Promoting the growth of the AUBMC clinical research community

Director

Lina Badr, RN, PhD, CPNP, FAAN Feb 2017 - Present

Coordinator

Sara Khansa, MBA Jul 2016 - Present

NAP activity summary

NAP Sessions			
Year	Sessions number	Speakers	Participants
2016-2017	11	8	12
NAP Projects			
Year	Projects	Mentors	Awardees
2016-2017	9	4	First prize: Zainab Moukalled Second prize: Hanadi Masalkhi and Ali Krayany Third prize: Samar Okaily

2016-2017		
Study title	Speaker(s)	Date
Introductory Session What clinical research resources are available at AUB? Programs of Research at HSON	Ms. Iman Kouatly Dr. Lina Badr Dr. Elie Akl Dr. Samar Nouredine	Mar 09, 2017
Research, quality improvement and translational research projects	Dr. Lina Badr	Mar 16, 2017
Good Clinical Practice (GCP)	Dr. Mona Nabulsi	Mar 23, 2017
Common Research designs: Quantitative	Dr. Lina Badr	Apr 13, 2017
How to get through IRB?	Ms. Abeer Dakik	Apr 20, 2017
Common Research designs: Qualitative	Dr. Gladys Honein	Apr 27, 2017
How to interpret Systematic reviews	Dr. Elie Akl	May 04, 2017
Common Statistical Analyses I (descriptive analysis, T-test, Chi square, ANOVA)	Dr. Lina Badr	May 25, 2017
Common Statistical Analyses I (descriptive analysis, T-test, Chi square, ANOVA) and Common Statistical Analyses – II (logistic and multiple regression)	Dr. Lina Badr	Jun 01, 2017
How to use your research to improve your clinical practice and policy?	Dr. Fadi El Jardali	Jun 08, 2017
Evaluation and distribution of certificates	Ms. Iman Kouatly & Dr. Lina Badr	Jun 15, 2017

NAP projects 2016-2017		
Study title	Participant name	Mentor
Early out-patient follow-up after discharge within 7 days will ensure smooth transition for patients from the hospital to the community and ensure translation of knowledge into health promoting actions at home, thus decreasing readmission within 30 days.	Mohammad Chehab	Dr. Hadi Skouri
Exercise in hemodialysis population	Zainab Moukalled	Dr. Bassem Tanios
Measures to prevent IVAD dislodgment and extravasations	Sarah Hakim	Dr. Lina Badr
Patient's perception of nurse and physician listening behaviors	Ahmad Diab	Dr. Lina Bader
Patient's perception of nurse and physician listening behaviors	Lama Al Jurdi	Dr. Lina Bader
Sex-mismatch and associated risk factors in childhood allogeneic hematopoietic stem cell transplantation outcome: optimal donor selection	Nariman Hariss	Dr. Miguel Abboud
Structured nursing hourly round	Bana Zein	Dr. Lina Badr
Structured nursing hourly round	Nisrine Houcheimy	Dr. Lina Badr
The effect of exercise in patients receiving hematopoietic stem cell transplant	Samar Okaily	Dr. Lina Badr
The prevalence and predictors of depression in a sample of stroke patients at AUBMC	Ali Krayany	Dr. Lina Badr
The prevalence and predictors of depression in a sample of stroke patients at AUBMC	Hanadi Massalkhi	Dr. Lina Badr
We aim to study the level of depression, anxiety and stress of couples undergoing in-vitro fertilization	Dalal Abo Abbas	Dr. Lina Badr
NAP awards for best proposal 2016 - 2017		
Awards	Name	Date
First prize: iPad Mini 4	Zainab Moukalled	June 15, 2017
Second prize: 300\$ coupon	Hanadi Masalkhi Ali Krayany	June 15, 2017
Third prize: 200\$ coupon	Samar Okaily	June 15, 2017
