

10. CLINICAL TRAINING & CONTINUING MEDICAL EDUCATION :

Furthermore, and through the AUBMC **Graduate Medical Education (GME)** Office, EMA provides elective, residency, and fellowship training opportunities at the different clinical departments at AUBMC, and encourages exchange of trainees between institutions. The GME Office at the American University of Beirut Faculty of Medicine and Medical Center is dedicated to training medical graduates in high-quality and cost-effective patient care and to offering trainees challenging research opportunities in a humanistic environment committed to lifelong learning. GME offers:

○ Visiting and Observer Visiting Elective Rotations:

Residents/fellows who are currently enrolled in a training program and have the approval of their program director can rotate as visiting residents or as observer visiting residents in the existing GME programs. Elective rotations are not to exceed three months per academic year and should fall within the duration of the resident/fellow training program. Interested applicants are welcome to apply for an elective rotation to any of our training programs. The application is available at the GME website at http://www.aub.edu.lb/fm/gme/Pages/sis_res.aspx

○ Residency and Fellowship Training:

MD Graduate applicants interested in specializing in one of the below 20 residency programs or 20 fellowship programs can apply through our website at http://www.aub.edu.lb/fm/gme/adm_info/Pages/Adm_info.aspx.offers. Qualifying examinations are required from non-AUB graduate applicants. Applicants to the fellowship programs should sit for an English proficiency examination (TOEFL or IELTS). Applicants to the residency programs should sit for a medical science examination (USMLE II CK or IFOM-CSE) and an English proficiency examination (TOEFL or IELTS).

Residency Program	Fellowship Programs
