

Amal El-Kassis

The FHS Dean says in his letter of support for Ms. Amal El-Kassis that without her FHS would not have been awarded the MasterCard Foundation award in 2011. (This award offers full tuition and living expenses for 60 academically qualified students). Her dedication and beyond the call of duty, during and after office hours and over vacations, are all testaments on the supportive role Amal plays in the Faculty.

Her colleagues as well as her supervisor are all very proud of her and value her hard work and dedication. She is a team player and on various occasions was able to use creative ways to solve problems.

Amal has an uncompromising commitment to FHS and its students. She is dedicated and passionate to serve her Faculty, whether students or staff and faculty members to make sure that FHS continues to shine for years to come.
